Telephones: Warehouse, M5766 (3 lines); Nursery, X 4310 and X 3060.

Registered Cable and Telegraphic Address: GILSEARLE, MELBOURNE.

TERMS OF BUSINESS, ETC.

ORDERING.—When ordering, write plainly name and address (state whether MR., MRS., or MISS), also postal address, and station nearest Railway Station. (THESE OMISSIONS FREQUENTLY CAUSE CONFUSION.) All orders are despatched as early as possible on receipt, and should delay occur, clients are advised at once.

SUBSTITUTION.—Should the stock of any variety ordered be exhausted, we shall, to save delay, send in its place the most suitable substitute, unless instructed to the contrary.

NEW CUSTOMERS.—Customers with whom we have not previously transacted business are requested to remit with order or refer us to some reputable Melbourne person or firm as guarantee of good faith.

PRICES.—Owing to the dependency of seed crops on weather conditions, prices are liable to fluctuate, but as far as possible the rates shown in this Catalogue will be adhered to throughout.

PRICES LISTED IN THIS CATALOGUE are those ruling at the time of issue, but ARE SUBJECT TO ALTERATION WITHOUT NOTICE. Providing the order is over 1/- in value, WITH THE EXCEPTION OF PEAS, BEANS, AND SWEET CORN, the prices quoted for packet seeds are post free. Prices of Vegetable Seeds in bulk, Peas, Beans, and Sweet Corn in packets, Farm Seeds and General Sundries are all understood either ex store, F.O.R., or F.O.B. Melbourne, or in the case of postal parcels, postage extra. THIS CATALOGUE CANCELS all previous lists.

PACKING.—We charge cases and packing at (as near as possible) cost price.

DELIVERY.—All goods are delivered free to Wharfs, Railway Stations, and Carriers' Offices at Melbourne, after which our responsibility ceases, and goods travel at purchaser's risk.

TERMS.—All goods are supplied on the terms of monthly

account, and unless stipulated otherwise on the invoice (E. and O.E.) a discount of 2½ per cent. is allowed off Flower Seeds, Vegetable Seeds, Fruit Trees, and Plants paid for within 30 days of the date of invoice. Farm Seeds, Manures, Spray Compounds, and other lines included in the Sundry pages of this Catalogue are sold on a strictly nett basis, whether stipulated at time of sale or not.

REMITTANCES.—Payments may be made by cheque (Crossed and marked "Not Negotiable"), Bank Draft, Postal Note, or Post Office Order. New Zealand, Fijian, and other oversea clients are requested to remit by Bank Draft, and not by stamps or postal notes, which are not negotiable in Australia. Exchange must be added to all country and interstate cheques, the rate being 6d. for Victoria and 1/- for Interstate.

NON-WARRANTY CLAUSE

All our Seeds, Plants, Bulbs, and Tubers are offered and sold subject to the following Conditions of Sale as laid down by the Seed Merchants' Association of Victoria—"The description under which our Seeds, Plants, Bulbs, and Tubers are sold signifies no more than that we believe they have been taken from reliable stocks, and in no case does the description signify that the resultant crop will grow true to our description. Owing to many difficulties beyond human control and other causes, we give no warranty, expressed or implied, as to the description, growth, quality, purity, or productiveness of the seed or other goods, and will not be responsible for the resultant crop. Moreover, the liability (if any) in respect of the goods actually delivered is limited to the price paid to us for the specific seed or other goods in respect of which any claim may be made, or £5, whichever is the greater. If these Conditions of Sale are not acceptable, the buyer must immediately return the goods."

PASSENGER TRAIN RATES—PREPAID.

NOTE.—25 per cent. extra freight is charged on all Passenger Train Parcels within the State unless prepaid at Melbourne.

Gill & Searle's

Novelties and Specialties in FLOWER and VEGETABLE SEEDS

NOTE.—The descriptions given are those of the raisers or introducers.

Marigold—Collarette, Crown of Gold.

MARIGOLD

COLLARETTE, CROWN OF GOLD

All-America Gold Medal Winner.

An entirely new type of Marigold developed in California. The crown or top part of the flower resembles a Chrysanthemum in formation, and is made up of long disc petals that beautifully interlace. The crown and collarette of big broad petals which surround it are of a bright pleasing shade of clear golden orange. The colour holds even when the flowers are old.

The flowers of the new Collarette Marigold, Crown of Gold, are slightly sweet-scented, and the foliage is entirely free of that usual Marigold odour, so objectionable to many. This is the first Marigold in cultivation with entirely odourless foliage. Plants grow to about 2 feet, bloom early, and are very floriferous.

Price, 1/- Packet.

MARIGOLD

CACTUS-FLOWERED, MRS. LIPPINCOTT

Quite a departure from the "Ball-type" Marigold. Each head is made up of many individual florets, which have the appearance of a flower petal. The lateral edges of each of these petal-like flowers are folded or rolled upward to form quills which flare out broadly at the ends, giving the flowers a beautiful appearance quite distinctive from all other varieties of Marigold. Flowers measure $2\frac{1}{2}$ inches across, and are of an attractive rich creamy-yellow colour.

Price, 1/- Packet.

MARIGOLD

GIGANTEA SUNSET GIANTS

Marigold Sunset Giants have immense flowers, averaging from 5 to $7\frac{1}{2}$ inches across. Instead of the usual Marigold odour, the flowers have a definitely sweet fragrance. They are loosely formed, very full centred, with broad, heavy petals gracefully overlapping to make a flower of great depth. The mixture ranges from deep orange through golden orange, deep golden, light yellow, lemon, and primrose. The strain comes from 60 to 65 per cent. double. The plants are normally $3\frac{1}{2}$ to 4 feet high, but with intense culture they will grow much taller.

Price, 1/- Packet.

MARIGOLD

AFRICAN TALL, DOUBLE FISTULOSA GOLDEN EMBLEM

Golden Emblem is a rich gold, the flowers measuring from 4 to 5 inches in diameter. The colour is mid-shade between Lemon Queen and Orange Prince. We have been working on this wonderful novelty for the past seven years, and two years ago we were fortunate in fixing the strain. This new colour in African Tall Marigolds will be appreciated by admirers of this useful class of plants.

Price, 9d. Packet.

MARIGOLD, AFRICAN

CARNATION-FLOWERED GOLDEN EAGLE

Closely related to the popular variety Guinea Gold, Golden Eagle has the same habit, height, and form of flower, but the colour is a delightful shade of luminous gold, pleasing and distinctive. This early-flowering variety comes 100 per cent. double, while the usual Marigold odour is noticeably lacking.

Price, 1/- Packet.

MARIGOLD

CARNATION-FLOWERED LEMON GEM

Another companion to Guinea Gold; type, height, and habit are the same. The colour is rich lemon yellow, a few shades deeper than Marigold Yellow Supreme.

Price, 1/- Packet.

MARIGOLD

FRENCH DWARF ROYAL SCOT ALL DOUBLE

A new strain of French Dwarf Marigold about 12 inches in height. The outstanding features of this strain are that the flowers are practically 100 per cent. double and all cleanly striped mahogany and gold.

Price, 1/- Packet.

COLLECTION OF 7 VARIETIES OF NEW MARIGOLDS FOR 6/- . POST FREE.

SALPIGLOSSIS

NEW DWARF GIANT-FLOWERING

After several years of intensive culture on this new type of Salpiglossis, we now have six fine varieties to offer.

These new Dwarf Salpiglossis are ideally suited for bedding purposes, being very floriferous and covering the entire head of the plant with blossoms.

Collection of 6 Separate Colours of New Dwarf Giant-flowering Salpiglossis for 5/-.

SALPIGLOSSIS

DWARF BLUE AND GOLD

A beautiful cornflower blue with a rich deep golden-veined throat, and large, perfectly-formed flowers.

Price, 1/- Packet.

SALPIGLOSSIS

DWARF SCARLET AND GOLD

Fifteen inches shorter than its Emperor namesake and showing a bit more gold in its larger flowers. The plant is perfectly symmetrical.

Price, 1/- Packet.

SALPIGLOSSIS

DWARF BRIGHT SCARLET

A bright lustrous scarlet colour, large individual flowers, and compactly-formed plant.

Price, 1/- Packet.

SALPIGLOSSIS

DWARF DEEP VELVETY CRIMSON

A multitude of immense deep velvety crimson blooms adorns each plant. The habit is compact.

Price, 1/- Packet.

SALPIGLOSSIS

DWARF LILAC-RED THROAT

A new colour in Salpiglossis. A light lilac outer fringe and a dark-red throat, with golden veins at the base of the throat.

Price, 1/- Packet.

SALPIGLOSSIS

DWARF DARK BROWN AND GOLD

Large rich velvety brown flowers, veined with gold. The plant is surprisingly symmetrical and the dwarfiest of the group.

Price, 1/- Packet.

CHOICE MIXED.—A mixture of the above colours. 1/- Packet.

SALVIA SPLENDENS

ROCKET

A distinct new variety of dwarf and compact habit of growth. The plants grow to about 12 inches high and produce in profusion strong, dense, long spikes of dazzling dark scarlet flowers. It is a very effective Salvia for bedding and bordering. Very early.

Price, 1/- Packet.

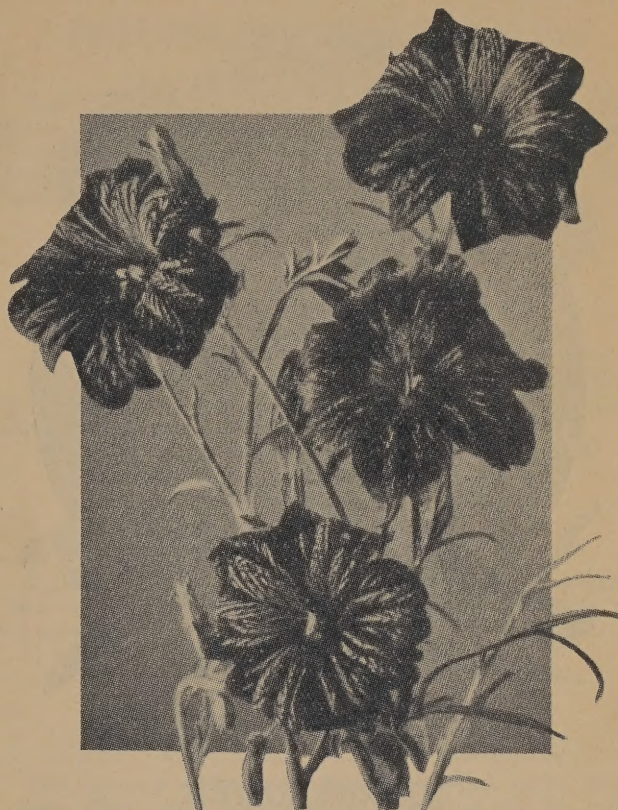

Seedlings available in Spring, 1/6 doz. ; 10/- per 100.

SCABIOSA

GRANDIFLORA ROSETTE

Rosette is a beautiful shade of deep rose heavily suffused with salmon. The flowers are extra large and the stems are long and stiff. This glorious, glowing new colour will undoubtedly make Rosette a most popular flower for the garden, and also with the florist for cutting.

Price, 1/- Packet.

Salpiglossis—New Dwarf Giant-Flowering.

NAVAJO ZINNIAS

Another interesting unique type of Zinnias entirely different from all others. Flowers are of medium size, double and semi-double, and composed of long narrow petals, some of which are slightly incurved or fluted.

Each petal, for about one-third its length, is heavily tipped white, creamy white, creamy yellow, or a lighter colour than the balance of the flower. This two-colour effect is most unusual and attractive. Colours run through lilac, lavender, russet, crimson, orange, yellow, pink, and other pastel shades.

Price, 1/- Packet.

CUPID ZINNIAS

The smallest of all

Compact plants, about 1 foot tall, consist of a large number of slender branches which give the plant a well-rounded, bushy habit. Each of the numerous upright stems bears a miniature flower which hardly exceeds 1 inch in diameter. Plants are very floriferous; a mass of colour throughout the Summer.

Cupid Zinnias are especially adapted for borders, bedding, and rock gardens, and as a miniature cut flower. They are as easy to grow as other Zinnias. Splendid mixture of colours.

Price, 9d. Packet.

MIGNONETTE

RED MONARCH

The deepest Red Mignonette of all, its habit is ideal, for although the plant is compact, the foliage is strong and of good substance. The flower spikes are broad and of perfect form, Its perfume is exceptionally strong.

Price, 9d. Packet.

Cornflower—Jubilee Gem

CORNFLOWER JUBILEE GEM

A dwarf variety of Cornflower, making a compact plant about 12 inches high, literally covered with dark blue flowers. As an edging plant, border plant, or for formal beds, Jubilee Gem is of exceptional merit.

Price, 1/- Packet.

PHLOX DRUMMONDI GIGANTEA, ART SHADES

A new strain of Phlox Drummondii with flowers an inch and a quarter to an inch and a half in diameter. In addition to its enormous flowers (which in itself would be enough to justify it as a novelty) it has a most wonderful range of colours in soft art shades. The colours range as follow : Salmon with white eye, light blue with white eye, deep salmon with cream eye, apple blossom, soft rose with white eye, pale violet with white eye, light mauve with cream eye, rose with white eye, and many other pleasing art shades.

The soft colours blended together make a most beautiful mixture and a colour combination never before seen in annual Phlox. There is a complete absence of harsh colours in this wonderful mixture, and it should appeal to those who are looking for soft colour effects in their gardens ; plants about 12 inches high. Winner of Award of Merit in the 1935 All-American Selections.

Price, 1/- and 2/- Packet ; Bulk Packets, 3/- and 5/-.

GODETIA DWARF, SHOW MIXTURE

A special mixture selected for regularity in growth, and for their rich and effective colours.

The plants are very regular in height, which is approximately 12 inches, and are therefore adaptable for bedding and bordering purposes.

Price, 9d. Packet.

ANTIRRHINUM

MAJUS GRANDIFLORUM, ORANGE GLORY

This new tall-growing variety produces dense spikes of large, well-formed flowers of a pure bright orange colour, deepening slightly at the tips. The beauty of this new Antirrhinum will undoubtedly gain for it a permanent place among the leading varieties of this popular class of flower.

Price, 9d. Packet.

ANTIRRHINUM

NANUM, ROYAL ROSE

Royal Rose is truly a regal variety. It is one of the finest bedding varieties we have ever raised.

The colour is impossible to describe, and must be seen to be fully appreciated ; even to say that it is the deepest and richest rose imaginable does not do it justice. There is apparent in every flower that quality of tone and velvet sheen that reminds one of the texture of the Rose.

Price, 1/- Packet.

ANTIRRHINUM

NANUM, ST. GEORGE

The colour is orange cerise, but of a new shade which makes it absolutely distinct from all other varieties. The spike is dense, and the individual flowers are placed closely together, making a colourful effect. The individual flowers are large, and compare very favourably with any known commercial variety. They are free flowering, erect, and so sturdy that they stand up against almost any adverse weather conditions.

Price, 1/- Packet.

ANTIRRHINUM

MAGIC CARPET

A new hybrid Antirrhinum of almost creeping habit, which is said to be specially suited to Alpine gardens. The flowers are of various soft and pleasing colours.

Price, 1/- Packet.

ACONITUM

WILSONI, BARKER'S VARIETY

A very beautiful new variety of great merit. A distinct feature is the branching habit of the inflorescence. The main flower spikes are surrounded by subsidiary spikes of bloom, the result being a fine candelabra of large deep violet blue flowers. Height, 4 feet.

Price, 1/- Packet.

POPPY, ICELAND

"GARTFORD" GIANTS (Regd.)

GARTFORD (Regd.) MIXED.—A well-blended range, including white, cream, lemon, buff, lime, apricot, salmon, pink, tango, chrome, etc. Price, 1/- Packet.

GARTFORD (Regd.) GIANTS, ART SHADES MIXED.—Giant blooms in cream, apricot, salmon, buff, gold, and old gold shades, and variations of pink with zonal shadings and dark edges in contrast in tones. Awarded First Class Certificate Canterbury Horticultural Society, 1936. Price, 1/- Packet.

GARTFORD (Regd.) DAFFODIL TONES.—Offered for the first time, this mixture of giant blooms includes all the well-known shades of lime, lemon, cream, buff, and parchment-white, both in self colours and two-tone effect. Price, 1/- Packet.

Calendula—Orange Sunshine.

CALENDULA ORANGE SUNSHINE

This is a companion to the Calendula Sunshine which we introduced some years ago, and which by its unique and attractive flowers has become a favourite with all who have tried it. Of the same loose form, those of this new variety are of a bright orange colour, which we are sure will be appreciated, seeing that this is at the present time the popular shade in Calendulas.

Price, 1/- Packet.

CALENDULA CAMPFIRE IMPROVED FLORIST STRAIN

A reselected intensely double strain of this popular flower. Very large deep orange flowers with exceptionally long stems.

Price, 9d. Packet.

SWEET PEAS EARLY WINTER-FLOWERING VARIETIES.

9d. Packet each.

Collection of 6 separate varieties for 4/-.

JOSIE.—Deep rose pink on a white base; one of the largest and longest stemmed early-flowering Sweet Peas in existence.

ZVOLANEK'S ORANGE SUPREME.—A new and distinct colour. The flowers have salmon cerise wings with orange standards. Very large flowers borne on long stems.

ZVOLANEK'S SALMON.—The colour is a beautiful shade of salmon cerise. A most outstanding variety.

SHIRLEY TEMPLE.—One of the most beautiful Sweet Peas ever originated. It has blooms of the size and richness of colour as Pinkie plus the daintily frilled and fluted flowers of Lady Gay. The colour, which is rose pink, is softer and more beautiful than Pinkie. The flowers are the largest we have ever seen in any Sweet Pea, and have long stems with four very large blooms on each stem.

FLORIST BLUE.—Clear blue—a clearer and purer blue than is found generally amongst the peas of this colour. The plants are very vigorous; the stems long; the blooms, large—mostly four to a stem.

FLORIST ROSE.—Pure rose pink, richer and slightly deeper than the popular Vanessa. The blooms—four to a stem—are immense; the stems, exceedingly long; the plant, very floriferous and continues to bloom over a long period.

PETUNIA FIMBRIATA NANA SETTING SUN

This is a glorious Petunia which comes true from seed. The plants, which are of dwarf and compact habit, grow about 12 inches high, are covered with beautifully fringed flowers of a brilliant rose-pink colour, and measure 3 inches across. For bordering and bedding it is ideal. Highly recommended.

Price, 1/6 Packet.

Seedlings available in Spring, 1/- doz.; 7/6 per 100.

PETUNIA ROSE KING IMPROVED

Its flowers are a clear rich rose with a delicate light golden throat, and the 18-inch plants are rather bushy, uniform, and literally covered with blooms.

Price, 1/- Packet.

PETUNIA HYBRIDA FLAMING VELVET

This fine Petunia received the Gold Medal in the All-American trials last season and is now in great demand. The colour is an attractive rich ruby red.

Price, 1/3 Packet.

LARKSPUR GIANT IMPERIAL GLORIA IMPROVED

This improved strain has the same type flower as the older variety Gloria, closely-spaced florets of average size, but with more pointed petals. The strain is early flowering, very even and upright in habit, about 4½ feet tall. It gives a good mass of colour, which is rich deep rose on salmon.

Price, 1/- Packet.

LARKSPUR GIANT IMPERIAL CORAL KING

In Coral King we are introducing a new colour, never before seen in Larkspurs—blush-pink, with a strong suffusion of coral which deepens and gets richer as the flowers mature. The colour impression is that of a lovely pale, delicate coral pink with a salmon tint, an entirely new departure in Larkspur shades. The florets are very large and fully double, 4½ to 5 feet tall.

Price, 9d. Packet.

LARKSPUR GIANT IMPERIAL BLUE COCKADE

A beautiful new shade of rich lilac blue for the Giant Imperial group.

Blue Cockade has a very closely compact habit as well as being of the base-branching type. The individual flowers are closely spaced on long strong spikes, and each floret is fully double. Plants grow to a height of about 45 inches.

Price, 1/- Packet.

LARKSPUR EMPRESS IMPERIAL APPLE BLOSSOM

A nice shade of blush-white or Apple Blossom, coming in large double florets on long-flowered spikes.

This new semi-dwarf selection has the branching-from-base habit, and grows to a height of about 36 inches; it is ideal for both cutting and bedding work.

Price, 1/- Packet.

Viscaria—Oculata coerulea (Blue Bouquet)

VISCARIA

OCULATA COERULEA (BLUE BOUQUET)

Of late years the Viscarias have advanced considerably in general favour as effective bedding plants, and advances have been made more particularly in the oculata section. Our new variety shows a development in the habit of the plant, which is of strikingly erect growth, and has the appearance of an elegant bouquet, thus distinguishing it from the rather spreading nature of Viscarias. The flower is larger than that of the ordinary Viscaria oculata coerulea and of a more beautiful shade of blue.

Price, 6d. Packet.

VIOLA CORNUTA

BLUE GEM

Blue Gem forms a large compact plant, producing a continuous profusion of bloom for a very long period, considerably longer than other cornuta varieties. The flowers are a very pleasing shade of deep violet blue, with an occasional very slight variation in tint, and may be relied on to come about 70 per cent. true from seed. A great feature of this fine variety is its drought-resisting qualities, the plants continuing to throw up flowers long after other varieties have subdued to dry conditions. Blue Gem will be found of the greatest value for all purposes to which the Viola cornuta can be put.

Price, 1/- Packet.

BROWALLIA

COMPACTA SAPPHIRE

This is one of the best flowering annual plants of recent introduction. The plants, which grow to a height of from 9 to 10 inches, are of compact habit, and when in flower closely resemble Lobelia. The plants produce a mass of pretty flowers, the colour of which is blue with a conspicuous white eye. When better known this variety is destined to become very popular for bedding, bordering, or for making a general garden display.

Price, 9d. Packet.

CELOSIA

PLUMOSA, PRIZE STRAIN

An unequalled strain, which we can thoroughly recommend, producing fully-developed plumes of very large size. In every way first class. Mixed colours.

Price, 1/- Packet.

NASTURTIUM

DWARF DOUBLE, GEM MIXTURE

This Gem Mixture is composed of an evenly-balanced range of cheerful colours on dwarf, compact plants, and is the ideal annual for border and edging use. The plants are truly dwarf and compact, and without runners. The good-size, sweetly-scented double flowers are produced in an excellent colour range, which includes shades of yellow, orange, scarlet, crimson, salmon, cerise, cream, maroon, and spotted varieties. While the majority of the plants have light green foliage, there are many with dark foliage. Dwarf Nasturtiums flower best in poor soil, and should not be overwatered.

Price, 9d. Packet.

ACROCLINIUM

NEW LARGE-FLOWERED DOUBLE HYBRIDS

Such an improvement is this new Acroclinium over the old variety that they can scarcely be recognised as members of the same family. The double flowers are extremely large, at least twice the size of the ordinary strain, on 12 to 18 inch stems, which are borne freely over a long flowering period. The range of colour is most remarkable, being especially rich in shades of salmon, apricot, pink, rose, and cerise, with white and creamy tones to balance up the pastel mixture. While some of the flowers have a light eye, the majority are enhanced by a boldly contrasting dark centre. No florist or market grower should be without these New Large-flowered Double Hybrids.

Price, 9d. Packet.

PETUNIA

GRENDON LACY FRILLS, DWARF MIXED

A splendid dwarf bedding or bordering mixture of great beauty. The plants grow to a height of about 12 inches, and produce large single beautifully fringed flowers in a great variety of colours. This strain has been thoroughly tested at our Nursery, where it has been greatly admired. Where a mixture of dwarf Petunias is required, there is nothing to surpass Grendon Lacy Frills.

Price, 2/- Packet.

STOCK (Ten-Week)

GOLIATH STRAIN

A new introduction of great merit. Goliath Stocks produce immense flowers of beautiful form, with long stiff stems; their habit is non-branching, producing a high percentage of doubles. The plants grow over 2 feet in height, the stems are 20 inches, and the flower spikes 12 inches in length. We offer the following in separate colours:—

APPLE BLOSSOM.—White, tinged rose.

COPPERY KING.—Coppery scarlet.

ILLUSION.—Brilliant and vivid crimson.

ROSE KING.—Brilliant rose.

SCARLET KING.—Vivid blood red.

1/- Packet; Set of 5 Separate Packets for 4/3.

GYPSOPHILA

OLDHAMIANA

A perennial variety of Gypsophila that has recently received an Award of Merit from the Royal Horticultural Society, England. The individual flowers are produced in closer panicles than *Paniculata*, and are rose pink in colour. It is perfectly hardy, and usually flowers late in the season when other varieties of *Gypsophila* have finished flowering.

Price, 9d. Packet.

ANCHUSA

ITALICA, NEW HYBRIDS

Attractive colours of white, lavender, Cambridge blue, indigo blue, and gentian blue. A valuable addition to the list of border plants.

Price, 9d. Packet.

PANSY

"INCOMPARABLE"

(Gill & Searle's Special Mixture)

The mixture "par excellence" in Pansy seed. We have every confidence in stating that no mixture of Pansy seed throughout the world is more consistent in producing so high a percentage of first-class blooms as "Incomparable." Numerous testimonials received from time to time from all parts of Australasia, together with the prizes won at various shows, testify to the high quality of the strain. The newest introductions of "Known and tested Merit" are each year added to the strain, and no expense is spared in maintaining and improving the standard of this special mixture.

Price, 2/6 and 5/- Packet.

MYOSOTIS

ALPESTRIS, "BLUE BALL"

As its name denotes, this new and very attractive Forget-me-not is remarkably compact in habit, of almost globular shape and of more regular growth than any other variety hitherto introduced. The flowers are of a deeper tint than the ordinary indigo blue, and those who grow it will find that "Blue Ball" is a gem for edgings and beds.

Price, 1/- Packet.

Linaria—Fairy Bouquet, Mixed

LINARIA

FAIRY BOUQUET, MIXED

The popularity of *Linaria*, with its brightly-coloured Snapdragon-like flowers, will be increased by the beauty of this new introduction. The plants grow to about 8 inches in height, are very compact in habit, and bear much larger flowers than the original strains. Our Fairy Bouquet mixture produces many distinct colours such as rose, yellow, pink, lavender, carmine, red, violet, white, and salmon, and are very free-flowering.

Price, 6d. Packet.

LARKSPUR

STOCK-FLOWERED, ROSAMOND

This is without doubt one of the finest of the Stock-flowered Larkspurs, and a variety that should become very popular. The colour is the deepest shade of rose that can be imagined. The flower is of ideal duplication and of beautiful formation. It is early flowering, at least two weeks before such varieties as *Los Angeles* and *Rosy Scarlet*. We recommend it with every confidence. At the Wisley trials last year it was the most outstanding variety, and received an Award of Merit.

Price, 6d. Packet.

Cosmos—Klondyke, Orange Flare

COSMOS

KLONDYKE, ORANGE FLARE

An American introduction which blooms within 90 days of sowing. Undoubtedly an acquisition, for Cosmos are one of our foremost annual plants, and the addition of an orange-coloured variety will be welcomed. Orange Flare has vivid orange flowers and attractive light-green foliage.

Trials have proved Orange Flare to be a variety of unusual merit. The colour is very vivid and the flowers of most attractive form. We recommend it with all confidence.

Price, 9d. Packet.

COSMOS

SENSATION, MIXED

EARLY BLOOMING MAMMOTH-FLOWERED

A welcome addition to a most popular class. Not only are the blooms larger than any other Cosmos, but they may be had in about ten weeks after the seed is sown. Flowers grow 4 to 6 inches across, the colours being deep and light pink as well as white. The bushy plants grow 4 to 6 feet tall, and are very free flowering.

Price, 9d. Packet.

POPPY, SHIRLEY FAIRY

A giant Shirley of bush form, all art shades of pink, rose, salmon, and scarlet.

Price, 9d. Packet.

SWEET PEAS

Late or Summer Flowering

FANTASY MIXTURE

Every flower in Fantasy Mixture is beautifully veined and mottled, but the backs of the standards are self-coloured.

Orange, light and dark blue, all shades of pink, chocolate, lavender, maroon, helio, mauve, etc. Exceptionally fragrant scent.

Price, 6d. and 1/- per Packet.

SWEET PEAS

Late or Summer Flowering

GIANT RUFFLED

The main characteristic of this new type, acclaimed by experts as the greatest advancement in Sweet Peas, is the duplexness and extra frilliness of the flowers. This imparts a double appearance to the large wavy flowers, the frilliness extending even to the edges of the wings. Distinct, beautiful, and interesting.

Each Variety, 6d. Packet.

Collection of 12 Separate Colours for 4/6.

RUFFLED BLUE.—Beautiful mid-blue shade, the beauty of which is enhanced by a deeper blue shading in the centre, and becoming lighter at the edge of the standard.

RUFFLED BEAUTY.—Cream pink with a sheen of bright lilac that gives an unusually charming effect of silvery pink on amber.

RUFFLED CARMINE.—Lovely carmine rose, remarkably bright yet soft and pleasing.

RUFFLED EXQUISITE.—Scintillating salmon cerise with a glow of deeper salmon in the standard. Absolutely distinct in colour.

RUFFLED MAUVE.—Extremely ruffled blooms of a pleasing pure mauve. A lighter shading towards the extreme edge of the standard and wings adds materially to the beauty of the flower.

RUFFLED ORCHID.—Warm lavender rose with a pastel-mauve sheen that produces a delicate orchid shade.

RUFFLED PURPLE.—A rich shade of glowing purple, which is enlivened by a sheen of coppery rose over both standard and wings.

RUFFLED PRIMROSE.—The best primrose or cream shade.

RUFFLED ROSE.—Pure shade of rose that glows softly, and gives the large blossoms an individual beauty.

FLUFFY RUFFLES.—Dainty cream pink of delicate purity and softness.

LADY RUFFLES.—Soft pink self on white ground, the warm glow of colour running well down to the base of the standard and wings.

RUFFLED WHITE.—Pure white flowers of gigantic size are often borne five to the spray.

RUFFLED MIXED.—This outstanding mixture contains the Giant Ruffled named varieties, also many other colours.

Price, 6d. and 1/- per Packet ; 2/6 oz.

STATICE

SINUATA, TOM THUMB HYBRIDS

Nearly all the colours known in the species are included in this mixture, which, when used for bedding purposes, has quite a carpet-like effect. The plants grow to a height of from 15 to 18 inches.

Price, 9d. Packet.

MARIGOLD

AFRICAN, YELLOW SUPREME

This variety has distinct loose-petalled flowers of a charming shade of pale yellow, overlaid with a buff sheen. The plants are free flowering, and about 2½ feet in height. The individual blooms are very large, and in form bear some resemblance to the Carnation. The peculiar scent of the Marigold, which is by some considered so objectionable, is noticeably lacking.

Yellow Supreme was one of the most outstanding Marigolds in our trials.

Price, 9d. Packet.

MARIGOLD

MEXICAN, DWARF ORANGE

Hailing from Mexico, the original home of so many of our favourite garden flowers, this handsome new type grows 15 to 18 inches high, and bears large double flowers of a bright orange. It is different in character from the old African Marigold, being more branching than the latter and extremely free flowering.

Price, 9d. Packet.

MARIGOLD

DIXIE SUNSHINE

The large ball-shaped flowers are ingeniously composed of dozens of tiny five-petalled florets, gracefully interlocking, daintily fringed in effect. Brilliant golden yellow, 100 per cent. fully double, and but faintly scented with the characteristic Marigold odour.

Price, 1/- Packet.

MARIGOLD

FRENCH, DWARF DOUBLE HARMONY

A charming and distinct variety, bearing unusual flowers of Scabious-like formation; each bloom is of good size, and has a central deep orange crest, which is surrounded by a maroon-brown collar of broad petals.

A really outstanding introduction, which we recommend with all confidence.

Price, 6d. Packet.

ASTER

SUPER GIANT EL MONTE

This is said by the raisers to be a deep, glowing crimson counterpart of Los Angeles, a variety which quickly sprang into public favour when it was introduced some years ago. It is very large flowered and long stemmed, therefore it should prove an attraction to market growers as well as home gardeners.

Price, 1/- Packet.

GAILLARDIA

HYBRIDA GRANDIFLORA GOBLIN

An extremely compact variety forming globular bushes of very neat habit. The flowers are liberally produced on strong stems, and when in full flower completely cover the foliage with a profusion of red and yellow bicolour blooms. Height about 18 inches.

Price, 1/- Packet.

IF you have not already received our Catalogue of Shrubs, Trees, Herbaceous Plants, etc., or have mislaid the one sent you, a copy will be sent post free on application.

Zinnia—Improved Scabious-flowered

ZINNIA

IMPROVED SCABIOUS-FLOWERED

MIXED COLOURS. Scabious-flowered Zinnias are quite a departure from the standard types offered in the past. The plants grow 2 to 2½ feet tall, bearing numerous medium-sized flowers on good stems, excellent for cutting. The blooms are composed of a row of broad ray or guard petals, while the narrow centre petals form a cushion-like mound, thus greatly resembling the annual Scabiosa. Our mixture contains many exquisite colours, including pink, yellow, orange, crimson, scarlet, and also white. Scabious-flowered Zinnias will give a note of distinction whether displayed in the garden or in vases.

Price, 6d. Packet.

ZINNIA, Crown o' Gold Strain

DESERT GOLD

A new variety of dual tonings, comprising the lighter and deeper hues of gold, each petal is overlaid at its base with a deeper golden yellow. The plants grow from 2 to 3 feet in height, and bear well-formed flowers, which are equally effective in daylight or artificial light.

Price, 9d. packet.

ZINNIA

FANTASY MIXED

Acknowledged as one of the most distinct and attractive annuals on the market to-day. The delicate, lacy-petalled flowers lend an air of friendly informality to the garden or flower arrangement. The medium-sized shaggy flowers are borne profusely on 2½-foot plants in a wide and varied colour range, which includes the brightest shades of red, yellow, and orange, as well as the popular pastel pinks and creams.

Price, 9d. Packet.

Novelties and Specialties in Vegetable Seeds

ROCK MELON HENDERSON'S BUSH

A small spicy green-flesh variety. Valuable for gardens where space is limited. The vines seldom exceed 18 inches in length.

Price, 1/- Packet.

ROCK MELON HALE'S BEST

A very early melon. Suitable for either market gardeners or the home gardener. The fruits, which are nearly round and normally 6 to 6½ inches long, are densely covered with medium heavy netting, and almost devoid of ribbing. The flesh is very thick, fine grained, deep salmon pink in colour, and richly flavoured.

Price, 9d. Packet.

WATER MELON EARLY CANADA

An extremely early variety of medium size and excellent flavour. Its outside colour is greyish-green or almost white at maturity, with a fine green veining. The rind is thin, and the flesh a bright red colour.

Price, 1/- Packet.

PUMPKIN BUSH

A new introduction of the small sugar type, being smaller and of lighter colour, with flesh not quite so thick as other varieties. It grows on a bush plant, whereas other well-known pumpkins are produced on running vines.

Price, 1/- Packet.

SQUASH SPAGHETTI

An interesting novelty of the Cucumber family, although it grows and sets fruit freely like other varieties of the Squash family. The smooth, creamy-white-skinned fruits measure about 8 inches in length and about 4 inches in diameter. Pick the fruit when well matured and cook by boiling whole, without cutting or skinning, for about 20 minutes, then take it out and cut in two, and you will find a quantity of stringy Spaghetti-like contents, which are quite tasty when butter and seasoning are added. An excellent keeping variety.

Price, 1/- Packet.

LETTUCE TROCADERO

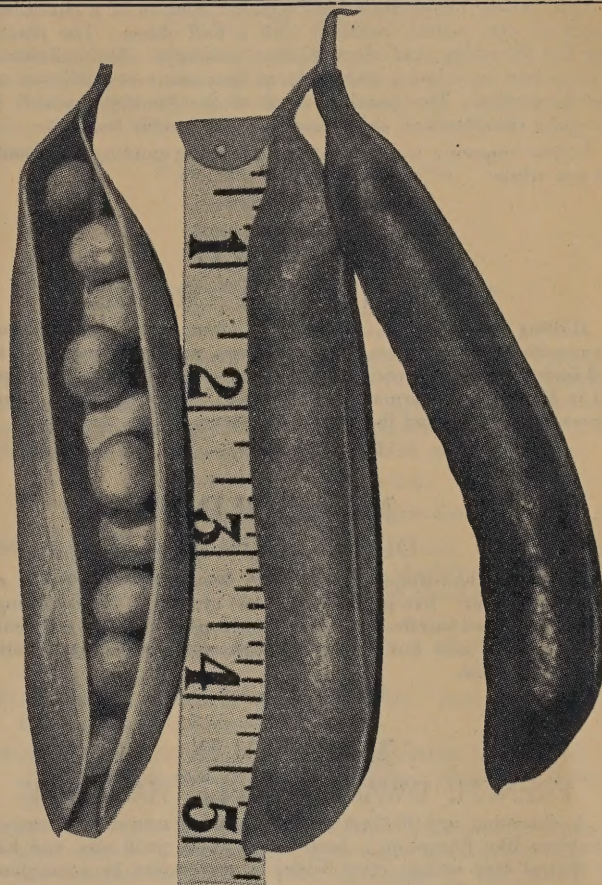

Improved Market Strain

Trocadero is a favourite amongst the English growers of Lettuce, and this variety is sent to us as an improved kind.

It is of cabbage formation. The leaves are a delicate and attractive shade of silvery green entirely without red tinge.

The hearts are of good size, very uniform and compact, there being very few waste outer leaves.

Price, 1/- Packet.

Vegetable Pea—Giant Stride.

VEGETABLE GARDEN PEA GIANT STRIDE

This Pea is of recent introduction and is an early main crop variety growing to a height of 2 feet. The huge pods, which measure 5 inches in length, are freely borne on the plant, and contain from 8 to 10 peas of delicious flavour. This Pea, which is a good cropper, will be greatly in demand for Exhibition or Show purposes, and it is also noted for its fine quality for table use.

Price, 1/- Packet; Larger Packets, 2/- Post Free.

CAULIFLOWER WHITE KING

This excellent new variety combines all the qualities which are required in a first-rate Cauliflower. It is very early, a very sure header, with solid heads quite uniform in size and shape, and well protected by the foliage. White King may be relied on to produce first-class heads.

Price, 1/- Packet.

SPINACH MONARCH, LONG STANDING

As its name implies, this new kind does not quickly run to seed. It produces very large leaves of a dark green colour. Spinach is not grown to the extent that it should be, for when properly cooked and well served it is a delicious vegetable.

Price, 1/- Packet.

General List of Flower Seeds

ANNUALS.—Flower, produce seeds, and die the same year as they are sown. **BIENNIALS.**—Those which are sown in one year, and bear their flowers and seeds and die the next. **PERENNIALS.**—Those which grow and flower for several years, usually blooming the second year from seed.

SUBSTITUTES.—Should the stock of any variety ordered be exhausted, we shall, to save further delay, send in its place the most suitable substitute, unless instructed to the contrary.

FOR NOVELTIES AND SPECIALTIES IN FLOWER AND VEGETABLE SEEDS, SEE SPECIAL PAGES.

ABBREVIATIONS.—H., Hardy; H.H., Half-Hardy; A., Annual; B., Biennial; H.B., Hardy Biennial; P. Perennial; Gr., Greenhouse; Cl., Climber; Trl., Trailer; Herb., Herbaceous. Thus H.H.A., Half-Hardy Annual; Herb.P., Herbaceous Perennial, etc.

SEED SOWING.

A large percentage of the failures experienced in raising seeds is due to the following causes:—

1. Using unsuitable soil for covering. Sifted, well-decayed cow manure will give the best results.
2. Sowing too deeply or not covering sufficiently.

3. Allowing the surface of the soil to become dry.
4. Omitting to provide some sort of covering during hot weather.
5. Sowing while the soil is too cold or too wet to permit germination.

IMPORTANT.—When ordering, please give number only, also number of Catalogue, 113.

ACONITUM. H.P. (Sow Spring to Autumn.)

1. *Wilsoni* (Barker's Variety).—See Novelty and Specialty pages.

ACROCLINIUM (Everlasting Flower). H.A. (Sow Spring to early Autumn.)

DELPHINIUM

H.P. and H.A. (Sow Spring to Autumn.)

292. **Azure Fairy**.—Annual variety, producing flowers of a beautiful sky blue; 12 inches 6d. pkt.
 293. **Blue Butterfly Improved**.—Improved strain of the Blue Butterfly; colour deep blue; 18 inches 6d. pkt.; bulk pkt., 1/6
 294. **Belladonna Improved**.—A greatly improved strain of the popular Belladonna, with a brighter and larger light-blue flower; comes true from seed 1/- pkt.
 295. **Chinense Mixed**.—Annual variety, containing a number of fine sorts; 18 inches 3d. pkt.; bulk pkt., 1/-
 296. **Excelsior Strain, Mixed**.—A superb type of the tall Perennial Delphiniums 6d. pkt.; bulk pkt., 1/6
 297. **Elatum Iceberg**.—Long spikes thickly covered with large, pure white blooms 9d. pkt.

GRENDON GIANT HYBRIDS.

298. Our Grendon strain has been greatly admired, containing, as it does, all the shades of colour to be found in this class of flower. It is impossible to describe the beautiful colourings of the flowers; they range through all shades of blue, from the darkest to the most delicate shades, mauve, pink, amethyst, lavender tints, etc., merging into one another and giving a shot silk appearance to many of the flowers. Others are self-coloured in different tones of

Delphinium—continued.

blue, some have white centres, others black or brown, the latter giving the spike of flowers the appearance of being covered with bees. Both the spikes and the individual blooms are exceptionally large 2/- pkt.; bulk pkt., 5/-

DIANTHUS. H.A. (Sow Spring to Autumn.)

299. **Chinense Double, Mixed** (*Indian Pink*). 3d. pkt.; bulk pkt., 1/-
 300. **Heddewigii compacta, Mixed**.—A dwarf and large-flowered strain 6d. pkt.
 301. **Heddewigii nobilis, Mixed** (*Royal Pinks*).—Flowers beautifully frilled and fringed 6d. pkt.
 302. **Heddewigii, Single Mixed** 3d. pkt.; bulk pkt., 1/-
 303. **Highland Hybrids** (New).—Splendid mixed 6d. pkt.
 304. **Laciniatus splendens**.—Brilliant crimson, white eye 6d. pkt.
 305. **Laciniatus, Double Mixed** 6d. pkt.
 306. **Single and Double Mixed** 6d. pkt.; bulk pkt., 1/6
 307. **Superbissimus, Mixed**.—Beautiful strain of single *Dianthus* of the Heddewigii type 6d. pkt.; bulk pkt., 1/6

DIDISCUS (*The Blue Lace Flower*). H.A. (Sow Spring to Autumn.)

308. **Ceruleus**.—Clear blue flowers 6d. pkt

DIMORPHOTHECA (*Star of the Veldt*). H.A.H.P. (Sow Spring and Summer.)

309. **Aurantiaca Hybrids, Mixed** (*Annual*).—Flowers like *Marguerite* in appearance 6d. pkt.
 310. **Eklonis**.—Perennial white *Marguerite*-like flowers 9d. pkt.
 311. **Salmon Beauty**.—Attractive *Marguerite* flowers 9d. pkt.

DOLICHOS. H.P.Cl. (Sow Spring and Autumn.)

312. **Lignosus**.—Purplish-pink flowers 3d. pkt.
 313. **Lignosus, albus**.—White flowers 3d. pkt.

ESCHSCHOLTZIA. H.A. (Sow Spring to early Autumn.)

Collection of 6 Varieties, 2/6.

314. **Bridesmaid**.—Soft coral pink shade 6d. pkt.
 315. **Fairy Queen**.—Cochineal carmine shade 6d. pkt.
 316. **Firelight**.—Rich orange-flame shade 6d. pkt.
 317. **Golden Glory, Double**.—Golden yellow, orange centre 6d. pkt.
 318. **Golden West**.—Deep golden yellow 6d. pkt.
 319. **Mandarin**.—Mandarin-orange shade 6d. pkt.
 320. **Masterpiece**.—Pure rich mauve 6d. pkt.
 321. **Oberon**.—Bright reddish purple 6d. pkt.
 322. **Ramona**.—Coppery gold, pink shading 6d. pkt.
 323. **Rose Queen**.—Carmine-rose shade 6d. pkt.
 324. **Crocea, fl. pl.**.—Double orange 6d. pkt.
 325. **Sensation**.—Rich deep scarlet 6d. pkt.
 326. **Titania**.—Primrose red, overlaid terra cotta 6d. pkt.
 327. **Choice Hybrids, Mixed** 3d. and 6d. pkt.; bulk pkt., 1/6
 328. **New Blend, Mixed** 6d. pkt.; bulk pkt., 1/6

ERIGERON. H.P. (Sow Spring to Autumn.)

329. **Speciosus Hybrid grandiflorum**.—Rosy-lilac flowers; height 18 inches 6d. pkt.

FELICIA. H.P. (Sow Spring to Autumn.)

330. **Rotundifolia** (*Kingfisher Daisy*).—Sky-blue Daisy-like flowers. 6d. pkt.

FOXGLOVE (*Digitalis*).—H.P. (Sow Spring to Autumn.)

331. **Large-flowered, Mixed** 3d. pkt.; bulk pkt., 1/-
 332. **The Shirley**.—Magnificent strain, pure white to deepest rose. 6d. pkt.

FREESIA. H.P. (Sow Spring to Autumn.)

333. **New Hybrids, Mixed** 6d. pkt.

GAILLARDIA. H.A. and H.P. (Sow Spring to Autumn.)

334. **Bremen**.—Coppery-scarlet, dark brown disc (perennial). 6d. pkt.
 335. **Dazzler**.—Flowers large, bright golden yellow, with rich maroon-red centre (perennial) 6d. pkt.
 336. **Grandiflora, Mixed** (perennial) 3d. pkt.; bulk pkt., 1/-
 336a. **Goblin**.—See Novelty and Specialty pages.
 337. **Lorenziana, Mixed** (annual).—Double flowers. 3d. pkt.; bulk pkt., 1/-
 338. **Portola Hybrids**.—This superb new strain bears flowers of very large size, the colour ranging through shades of bronzy red with golden edges (perennial) 9d. pkt.; bulk pkt., 1/6

GENTIANA. H.P. (Sow Spring to Autumn.)

339. **Acaulis**.—Rich ultramarine blue flowers. Requires a cool situation. 6d. pkt.

367. Godetia—Special, Mixed

GENISTA. H.P. (Shrubs). (Sow Spring to Autumn.)

All varieties mentioned can easily be grown from seed, and are splendid for garden decoration.

340. **Andreana.**—Crimson and yellow 6d. pkt.
 341. **Canariensis.**—Pale yellow; 6 feet 6d. pkt.
 342. **Florida.**—Golden-yellow flowers; 5 feet 6d. pkt.
 343. **Monosperma.**—White flowers; 10 feet 6d. pkt.
 344. **Spartium Junceum (Spanish Broom).**—Yellow; a well-known variety 6d. pkt.

GERBERA (South African Daisy). H.P. (Sow Spring to Autumn.)

345. **Jamesoni Hybrids.**—The seed offered is Australian saved, and can be relied on to be fresh. The colours include white, yellow, orange, gold, salmon, rose, ruby red, lavender, violet, and mauve, as well as the original scarlet Jamesoni 1/- pkt.

GEUM. H.P. (Sow Spring to Autumn.)

346. **Mrs. Bradshaw.**—Double scarlet 3d. pkt.
 347. **Lady Stratheden.**—Golden yellow 6d. pkt.
 348. **Orange Queen.**—Orange scarlet 9d. pkt.

GILIA. H.A. (Sow Spring to Autumn.)

349. **Capitata.**—Sky-blue ball-shaped flowers 3d. pkt.
 350. **Coronopifolia.**—Long spikes of scarlet flowers 1/- pkt.

GLADIOLUS. H.P. (Sow Spring and Summer.)

351. **Choice Mixed Hybrids** 6d. pkt.

GLOBE AMARANTHUS (Gomphrena), Everlasting.
H.A. (Sow Spring to Autumn.)

352. **Mixed.**—Splendid for beds or borders 3d. pkt.

GLOXINIA. Gr.P. (Sow Spring and Summer.)

353. **Erect and Drooping Sorts, Mixed.**—Sow the seed in a box or pan, and keep in a frame or glasshouse 1/6 pkt.

GODETIA. H.A. (Sow Spring to Autumn.)

Collection of 6 Varieties for 2/6.

354. **Azaleiflora fl. pl.**—Double pink flowers resembling an Azalea. 6d. pkt.
 355. **Brilliant.**—Double crimson flowers with white centre; 1½ feet. 6d. pkt.
 356. **Cattleya.**—Light lilac, double flowers; 1 foot 6d. pkt.

Godetia—continued.

357. **Charming.**—Deep, satiny pink 6d. pkt.
 358. **Crimson Glow.**—Dwarf habit, very showy 6d. pkt.
 359. **Dwarf, Show Mixture.**—See Novelty and Specialty pages.
 360. **Gorgeous.**—Vivid satiny crimson 6d. pkt.
 361. **Lindleyana.**—Double mauve flowers; 2 feet 6d. pkt.
 362. **Rosy Morn.**—Double, bright pink shade 6d. pkt.
 363. **Sweetheart.**—A fine variety of dwarf-growing double Godetia; flowers shining pink, overlaid cream 6d. pkt.
 364. **Sybil Sherwood.**—A glorious shade of bright salmon pink; single; 1 foot 6d. pkt.
 365. **Pelargonium.**—Blush pink, blotched carmine single flower; height 1½ feet 6d. pkt.
 366. **The Bride.**—White, blotched crimson 3d. pkt.
 367. **Special, Mixed** 3d. pkt.; bulk pkt., 1/-

GRASSES, ORNAMENTAL. H.A. (Sow Spring to Autumn.)

368. **Agrostis nebulosa.**—Graceful habit 3d. pkt.
 369. **Briza maxima (Large Quaking Grass)** 3d. pkt.
 370. **Eragrostis elegans (Love Grass)** 3d. pkt.
 371. **Tricholaena rosea.**—Feathery panicles 3d. pkt.
 372. **Ornamental Grasses, Mixed** 3d. pkt.; bulk pkt., 1/-

GYPSOPHILA. H.A. and H.P. (Sow Spring to Autumn.)

373. **Elegans carminea.**—Crimson (annual). 3d. pkt.; bulk pkt., 1/-
 374. **Elegans rosea.**—Deep rose (annual). 3d. pkt.; bulk pkt., 1/-
 375. **Elegans grandiflora alba (Paris Market Strain).**—Pure white flowers (annual) 3d. pkt.; bulk pkt., 1/-
 376. **Oldhamiana.**—See Novelty and Specialty pages.
 377. **Paniculata.**—Perennial, white flowers. 6d. pkt.; bulk pkt., 1/6
 378. **Paniculata, fl. pl.**—Double-flowering form of *Paniculata*, bearing white flowers (perennial) 1/- pkt.

HELICHRYSUM MONSTROSUM (Everlasting Flower). H.A. (Sow Spring to Autumn.)

379. **Double Mixed.**—Suitable for cutting. 3d. pkt.; bulk pkt., 1/-
 380. **Silvery Pink.**—Delicate silvery-pink flowers 6d. pkt.

HELIOTROPE (Cherry Pie). H.H.P. (Sow Spring and Summer.)

381. **Regale, Mixed.**—Old English Heliotrope 6d. pkt.

HELLEBORUS. H.P. (Sow Spring to Autumn.)

382. **Mixed Hybrids (Christmas Roses).**—Splendid winter-flowering plants 6d. pkt.

HEUCHERA. H.P. (Sow Spring to Autumn.)

383. **Sanguinea**—Rich coral red flowers 6d. pkt.
 384. **Hybrida, Mixed** 6d. pkt.

305. Dianthus—Laciniatus, Double Mixed

HOLLYHOCK. H.P. (Sow Spring to Autumn.)

385. **Allegheny, Mixed.**—Semi-double annual variety 6d. pkt.
 386. **Chater's Double Prize Strain, Mixed.**—Saved from the finest selected varieties 6d. pkt.
 387. **Double Imperator.**—Large fringed rosette flowers 6d. pkt.
 388. **Double-flowering, Mixed** 6d. pkt.
 389. **Double Triumph, Mixed.**—Waved fringed flowers 9d. pkt.
 390. **Single, Mixed.**—A choice strain 6d. pkt.

HONESTY (Satin Flower). (See Lunaria.)

HUNNEMANNIA (Mexican Poppy). H.P. (Sow Spring to Autumn.)

The Hunnemannia will not stand transplanting, and seed must be sown thinly where the plants are to remain.

391. **Fumariaefolia.**—Excellent for cut bloom. Bright lemon yellow Tulip-shaped flowers .. 6d. pkt.; bulk pkt., 1/6
392. **Sunlite (Semi-Double).**—Bright canary yellow Tulip-shaped flowers .. 6d. pkt.

IBERIS (Perennial Candytuft). H.P. (Sow Spring to Autumn.)

393. **Gibraltarica.**—Lilac; 1 foot .. 3d. pkt.; bulk pkt., 1/-

IONOPSIDIUM. H.A. (Sow Spring to Autumn.)

394. **Acaule (Violet Cress).**—A delightful little bedding plant growing about 4 inches high. Flowers white, tinged violet. 6d. pkt.; bulk pkt., 1/6

JACOBAEA. H.A. (Sow Spring to Autumn.)

- 394a. **Double Mixed.**—Free-flowering hardy annuals. 6d. pkt.; bulk pkt., 1/6

KOCHIA (Summer Cypress). H.H.A. (Sow Spring and Summer.)

395. **Tricophylla Childsii.**—Summer annual foliage plant, which changes in the autumn to blood red .. 3d. pkt.; bulk pkt., 1/-

KUDZU VINE. (See Pueraria Thunbergia.)

LANTANA. H.P. (Sow Spring to Autumn.)

396. **Dwarf Compact Hybrids.**—Extremely useful for bedding. 6d. pkt.

LARKSPUR

DOUBLE TALL STOCK FLOWERED.

H.A. (Sow Spring to Autumn.)

Collection of 6 Varieties, 1/3.

397. **Admiration.**—Deep lilac .. 3d. pkt.
398. **Azure Beauty.**—Azure or sky blue .. 3d. pkt.
399. **Empress Rose.**—A rich rhodonite pink, changing to pink .. 6d. pkt.
400. **Glen Elra.**—Bright violet .. 3d. pkt.
401. **La France.**—Salmon pink .. 6d. pkt.
402. **Lord Nelson.**—Dark blue .. 3d. pkt.
403. **Orestes.**—Pure white .. 3d. pkt.
404. **Rosamond.**—See Novelty and Specialty pages.
405. **Rosy Scarlet.**—A beautiful shade .. 3d. pkt.
406. **Zurlinga.**—Rosy mauve .. 3d. pkt.
407. **Mixed.**—Fine range of colours .. 3d. pkt.; bulk pkt., 1/-

LARKSPUR DWARF EMPEROR.

408. **Enchantress.**—Soft salmon-pink flowers .. 6d. pkt.
409. **Mixed** .. 3d. pkt.; bulk pkt., 1/-

LARKSPUR, GIANT IMPERIAL.

Collection of 6 Varieties, 2/6.

These Larkspurs are ideal for cut flowers as the flower stems, which are from 3 to 4 feet long, branch from the base of the plant.

- 409a. **Apple Blossom.**—See Novelty and Specialty pages.
410. **Blue Spire.**—Intense deep Oxford blue .. 6d. pkt.
410a. **Blue Cockade.**—See Novelty and Specialty pages.
411. **Carmine King.**—Deep carmine-rose flowers .. 6d. pkt.
412. **Exquisite Pink.**—Beautiful soft pink .. 3d. pkt.
412a. **Coral King.**—See Novelty and Specialty pages.
413. **Exquisite Rose.**—Rose pink .. 6d. pkt.
413a. **Gloria Improved.**—See Novelty and Specialty pages.
414. **Lilac Spire.**—Lilac .. 6d. pkt.
415. **Miss California.**—Deep pink, shaded salmon .. 6d. pkt.
416. **Peach Blossom.**—Clear light pink .. 6d. pkt.
417. **Mixed** .. 6d. pkt.; bulk pkt., 1/6

LAVANDULA (Lavender). H.P. (Sow Autumn and Spring.)

418. **True English Lavender.**—Useful for sachets, etc. .. 6d. pkt.

LAVATERA. H.A. (Sow Spring to Autumn.)

419. **Splendens, Loveliness.**—Deep rose pink flowers 6d. pkt.

LEPTOSYNE (Winter-flowering Marguerite). H.P. (Sow Spring to Autumn.)

420. **Maritima.**—Golden-yellow flowers. 3d. pkt.; bulk pkt., 1/-

LILIUM. H.P. (Sow Spring to Autumn.)

Sow Lily seed in a cool position.

421. **Auratum.**—Golden-rayed Lily of Japan. The seed takes 12 months to germinate; 4 feet .. 1/- pkt.
422. **Regale (Royal Lily of China).**—Flowers creamy white, shaded rose. Seed takes from 3 to 4 weeks to germinate .. 6d. pkt.

435. Lupins—Grendon Modern Strain

LINARIA (Toad Flax). H.A. and H.P. (Sow Spring to Autumn.)

423. **Cymbalaria (Kenilworth Ivy).**—Perennial trailing plant, dainty mauve flowers. Suitable for rockeries .. 6d. pkt.
424. **Excelsior Strain (Reselected), Mixed (annual).** 3d. pkt.; bulk pkt., 1/-
425. **Fairy Bouquet, Mixed.**—See Novelty and Specialty pages.
426. **Reticulata aurea purpurea (annual).**—Yellow and purple flowers; 1 foot .. 3d. pkt.

LINUM (Flax). H.A. (Sow Spring to Autumn.)

427. **Grandiflorum rubrum.**—Flowers scarlet .. 3d. pkt.

LOBELIA. H.H.A. (Sow Spring to Autumn.)

428. **Azurea.**—Light azure blue .. 6d. pkt.
429. **Blue Stone (Reselected).**—Clear blue flowers .. 6d. pkt.
430. **Crystal Palace compacta.**—Flowers rich deep blue. 6d. pkt.; bulk pkt., 1/6
431. **Hybrida, Sapphire.**—A trailing variety; flowers deep blue, with pure white eye .. 6d. pkt.

LUNARIA (Honesty). H.B. (Sow Spring to Autumn.)

432. **Mixed Colours.**—Ornamental silvery seed pods which, when dried, are used for decorative purposes .. 3d. pkt.

LUPINS

PERENNIAL VARIETIES.

(Sow Spring to Autumn.)

433. **Arboreus, Snow Queen** .. 6d. pkt.
434. **Arboreus, Yellow Prince** .. 6d. pkt.
435. **Grendon Modern Strain.**—Colours ranging through all shades of blue, pink, yellow, salmon, apricot, white, biscuit, terra cotta, and amethyst, in self colours and in combinations of the shades mentioned 9d. pkt.; bulk pkt., 1/6
436. **Downer's Hybrids, Mixed.**—The colours comprise lovely self tints as well as rich, full shades 6d. pkt.; bulk pkt., 1/6
437. **Elliot's Sweet-scented, Mixed.**—A beautiful strain, embracing a wide range of colours .. 6d. pkt.; bulk pkt., 1/6

LUPINS ANNUAL VARIETIES.

(Sow Spring to Autumn.)

438. **Blue Pearl.**—Deep shade of blue .. 3d. pkt.; bulk pkt., 1/-
439. **Texanus (Texas Blue Bonnet).**—Rich blue flowers. Height, 1 foot .. 6d. pkt.
440. **Hartweg's Giants, Mixed.**—New improved strain .. 6d. pkt.
441. **Luteus Romulus.**—Rich canary yellow, sweetly perfumed. 6d. pkt.
442. **Pink Pearl.**—A popular colour .. 3d. pkt.; bulk pkt., 1/-
443. **Finest Mixed.**—A choice mixture .. 3d. pkt.; bulk pkt., 1/-

- LYCHNIS. H.P.** (Sow Spring to Autumn.)
444. *Chalcedonica*.—Dense heads of scarlet flowers; 3 feet .. 3d. pkt.
445. *Salmon Queen*.—Salmon pink flowers; 1½ feet .. 6d. pkt.
- MALOPE. H.A.** (Sow Spring to Autumn.)
446. *Mixed*.—Showy border Annuals .. 3d. pkt.
- MANDEVILLA. H.P.Cl.** (Sow Spring to Autumn.)
447. *Suaveolens*.—White trumpet-shaped flowers .. 6d. pkt.

MARIGOLD

H.H.A. (Sow Spring and Summer.)
AFRICAN VARIETIES.

448. *African, All-double, Lemon*.—Rich lemon-yellow flowers. 6d. pkt.
449. *African, All-double, Orange*.—Dazzling orange flowers. 6d. pkt.
450. *African, All-double, Mixed* .. 6d. pkt.; bulk pkt., 1/6
451. *African, Yellow Supreme*.—See Novelty and Specialty pages.
451a. *Cactus-flowered Mrs. Lippincott*.—See Novelty and Specialty pages.
451b. *Carnation-flowered Golden Eagle*.—See Novelty and Specialty pages.
451c. *Carnation-flowered Lemon Gem*.—See Novelty and Specialty pages.
451d. *Collarette Crown of Gold*.—See Novelty and Specialty pages.
451e. *Gigantea Sunset Giants*.—See Novelty and Specialty pages.
452. *Dixie Sunshine*.—See Novelty and Specialty pages.
453. *Guinea Gold*.—Orange ruffled flowers. 6d. pkt.; bulk pkt., 1/6
454. *Lemon Prize Strain*.—Colour, lemon .. 6d. pkt.
455. *Orange Prize Strain*.—Colour, orange .. 6d. pkt.
456. *Lemon and Orange Prize Strains, Mixed*.—A selected strain. 6d. pkt.; bulk pkt., 1/6
457. *Mexican, Dwarf, Orange*.—See Novelty and Specialty pages.
458. *Tall, African, Double, Fistulosa Golden Emblem*.—See Novelty and Specialty pages.
459. *Fine Mixed* .. 3d. pkt.; bulk pkt., 1/-

MARIGOLD, FRENCH SORTS.

460. *Dwarf Double Pigmy, Mixed*.—Very useful for borders. 6d. pkt.
461. *Dwarf, Double Harmony*.—See Novelty and Specialty pages.
462. *Dwarf, French, Double, Grandiflora Strain, Mixed*.—Ideal for bedding and bordering .. 6d. pkt.; bulk pkt., 1/6
463. *Dwarf, Single, Fire Cross*.—Orange yellow, blotched maroon. Fine for edging .. 6d. pkt.; bulk pkt., 1/6
464. *Giant Tree*.—Brown and yellow flowers. Very valuable for cut flowers late in the autumn .. 6d. pkt.; bulk pkt., 1/6
465. *Legion of Honour*.—Rich golden-yellow flowers, purple blotch; dwarf .. 3d. pkt.; bulk pkt., 1/-
465a. *Royal Scot All Double*.—See Novelty and Specialty pages.
466. *Scotch Prize*.—Large, gold-striped flowers .. 6d. pkt.
467. *Fine Mixed*.—2 feet .. 3d. pkt.; bulk pkt., 1/-

MINIATURE MARIGOLD (Tagetes)

468. *Signata pumila, Little Giant*.—Golden yellow flowers, with orange star. Suitable for edgings and rockeries .. 6d. pkt.

MATTHIOLA (Night-scented Stock). H.A. (Sow Spring to Autumn.)

469. *Bicornis*.—Lilac flowers .. 3d. pkt.

MECONOPSIS. H.P. (Sow Spring to Autumn.)

470. *Baileyi*.—Beautiful blue Tibetan Poppy. Thrives best in a shady position .. 1/- pkt.

MESEMBRYANTHEMUM

471. *Criniflorum (Livingstone Daisy)*.—Daisy-like blooms in shades of pink, crimson, buff, yellow, etc. .. 1/- pkt.

MIGNONETTE. H.A. (Sow Spring to Autumn.)

472. *Golden Machet*.—1½ feet .. 6d. pkt.
473. *Goliath*.—Colour, bright red; 1½ feet .. 6d. pkt.
474. *Incomparable*.—Dark red flowers .. 9d. pkt.
475. *Machet Improved Selected Strain*. 6d. pkt.; bulk pkt. 1/6
476. *Red Giant*.—Large flowers; 1½ feet .. 6d. pkt.
476a. *Red Monarch*.—See Novelty and Specialty pages.
477. *White Pearl*.—Very floriferous .. 6d. pkt.
478. *Large Flowering Sweet-scented*. .. 3d. pkt.; bulk pkt. 1/-

MIMOSA. H.H.P. (Sow in Spring and early Summer.)

479. *Pudica (Sensitive Plant)*.—Pink flowers, leaves close if touched or shaken .. 3d. pkt.

MIMULUS (Monkey Musk). H.P. (Sow Spring to Autumn.)

480. *Clapham's Superb Strain, Mixed* .. 6d. pkt.
481. *Moschatus (Musk)*.—Sweet-scented old English Musk, bright yellow flowers .. 6d. pkt.

MINA. H.A.Cl. (Sow late Spring and early Summer.)

482. *Lobata*.—A climber of distinct merit, growing 15 to 20 feet. Orange red in bud, opening creamy white .. 6d. pkt.

487. *Nasturtium—Dwarf, Double, Gem Mixture*

MYOSOTIS (Forget-me-not). H.P. (Sow Spring to Autumn.)

483. *Alpestris, Blue Ball*.—See Novelty and Specialty pages.
484. *Oblongata perfecta*.—Deep sky blue flowers borne on long stems. If sown early after Christmas, this variety will flower in the winter. 6d. pkt.
485. *Ruth Fischer*.—Pure Forget-me-not large blue flowers. 9d. pkt.

NASTURTium

H.H.A. (Sow Spring and Summer.)

DOUBLE, SEMI-DWARF, SWEET-SCENTED

Collection of 6 Named Varieties for 2/6; Bulk Packets, 1/6 each.

486. *Dwarf, Double, Sweet-scented Golden Globe* .. 6d. pkt.
487. *Dwarf, Double, Gem Mixture*.—See Novelty and Specialty pages.
488. *Double Mahogany*.—Dark mahogany red .. 6d. pkt.
489. *Double Moon Beam*.—Soft primrose .. 6d. pkt.
490. *Double Moon Gleam*.—Light golden cream .. 6d. pkt.
491. *Double, Orange Gleam*.—Glowing orange shade .. 6d. pkt.
492. *Double, Golden Gleam*.—Rich golden yellow .. 6d. pkt.
493. *Double, Scarlet Gleam*.—Orange scarlet .. 6d. pkt.
494. *Double, Salmon Gleam*.—Salmon shade .. 6d. pkt.
495. *Double, Gleam Hybrids, Finest Mixed*. 6d. pkt.; bulk pkt., 1/6
496. *Double Sun Gleam*.—Lemon yellow .. 6d. pkt.
497. *Double Supreme*.—Salmon cerise .. 6d. pkt.

DWARF OR TOM THUMB VARIETIES.

498. *Bronze Queen*.—Unusual shade .. 3d. pkt.
499. *Golden Queen*.—Golden foliage, bright yellow flowers .. 3d. pkt.
500. *Empress of India*.—Crimson scarlet .. 3d. pkt.
501. *Lilliput Dwarf Mixed*.—The flowers and leaves are small, but the colours are extremely brilliant and range from yellow and deep red to almost black; very free blooming .. 6d. pkt.
502. *Tom Thumb, Variegated-leaved Mixed*.—The flowers are similar to the ordinary kinds, but the foliage is prettily variegated white and green .. 6d. pkt.; bulk pkt., 1/6
503. *Vesuvius*.—Apricot. Dark leaves .. 3d. pkt.
504. *Mixed*.—Excellent for bedding .. 3d. pkt.; bulk pkt., 1/-

Climbing Varieties. H.H.A. (Sow Spring and Summer.)

505. *Tall Mixed* .. 3d. pkt.; bulk pkt., 1/-
506. *Tall Variegated-leaved Mixed*.—The flowers are similar to the ordinary varieties; foliage is variegated green and white. 6d. pkt.

524. Pansy—Roggli's Giants, Improved Exhibition Strain.

NEMESIA. H.A. (Sow Spring to Autumn.)

These showy annual plants are especially useful for bedding purposes and for bordering. If the seed is sown early in the autumn the plants will flower throughout the winter and spring months, or seed may be sown in the spring for a summer and autumn display. For the best results, sow where the plants are to remain or transplant when the seedlings are small. They almost compare with Phlox Drummondii for variety of colours.

Strumosa Suttoni grandiflora.—507. Blue, 9d. pkt.; 508. Cherry Red, 9d. pkt.; 509. Orange, 9d. pkt.; 510. Rose, 9d. pkt.; 511. Scarlet, 9d. pkt.; 512. Mixed, 6d. pkt.

513. **Triumph Mixed.**—Dwarf habit .. 9d. pkt.; bulk pkt., 2/-
514. **Blue Gem.**—Pretty small blue flowers. 9d. pkt.; bulk pkt., 2/-

NEMOPHILA. H.A. (Sow Autumn and Spring.)

515. **Insignis.**—Deep sky-blue flowers .. 3d. pkt.; bulk pkt., 1/-
516. **Mixed.**—Useful for borders .. 3d. pkt.; bulk pkt., 1/-

NEPETA (Cat Mint). H.P. (Sow Spring to Autumn.)

517. **Mussini.**—Useful for rock gardens and edgings; pale mauve flowers. 6d. pkt.

NICOTIANA (Tobacco Plant). H.P. (Sow Spring to Autumn.)

518. **Crimson Bedder.**—Deep carmine red colour .. 6d. pkt.
519. **Hybrids, Mixed.**—Contains a wide range of colours .. 6d. pkt.

NIGELLA (Love-in-a-Mist). H.A. (Sow Spring to Autumn.)

520. **Miss Jekyll Improved.**—Bright cornflower blue .. 6d. pkt.
521. **Miss Jekyll, White** 3d. pkt.
522. **Fine Mixed** 3d. pkt.; bulk pkt., 1/-

OENOTHERA (Evening Primrose). H.A. (Sow Spring and Autumn.)

523. **Afterglow.**—An improved variety. The bright red calyx intensifies the yellow of the flower .. 6d. pkt.

IF you have not already received our Catalogue of Shrubs, Trees, Herbaceous Plants, or have mislaid the one sent you, a copy will be forwarded post free on application.

PANSY

OUR GREAT SPECIALTY.

H.A. (Sow from January to September.)

We make Pansies one of our specialties, and spare neither expense nor trouble in procuring direct from the growers the finest strains obtainable.

ROGGLI'S GIANTS IMPROVED—EXHIBITION STRAIN. Awarded Prizes Wherever Shown.

524. The flowers of this improved strain are of enormous size, measuring from 3 to 3½ inches in diameter. They are perfectly round, with overlapping petals borne on long stalks well above the remarkably luxuriant foliage. It is not only the size of the flowers that makes these Pansies so attractive, but the glorious shades of colour, and their exceptional brilliancy, many of them possessing a velvety sheen, which greatly enhances their beauty. Practically all flowers are 3 to 5 blotched .. 1/6, 2/6, and 5/- pkt.

ROGGLI'S GIANTS IMPROVED—EXHIBITION STRAIN. Separate Colours.

Collection of 6 Separate Colours for 7/6.

- | | |
|---|--------------------------|
| 525. Alpenglow. —Rich ruby-red flowers .. | 1/6 pkt. |
| 526. Berna. —Violet-blue flowers, with dark centre .. | 1/6 pkt. |
| 527. Mont Blanc. —White, with violet blotch .. | 1/6 pkt. |
| 528. Rhinegold. —Canary yellow, with dark blotches .. | 1/6 pkt. |
| 529. Ullswater. —Dark blue, large black blotches .. | 1/6 pkt. |
| 530. Yellow Queen. —Pure yellow flowers .. | 1/6 pkt. |
| 531. Bath's Empress, Special Strain, Mixed. —Large flowers of strong texture and of striking and rich colours. Splendid for exhibition .. | 1/6, 2/6, and 5/- pkt. |
| 531a. Engleman's Giants. —Flowers of exceptional size, embracing a wide range of colourings .. | 2/- pkt. |
| 531b. Engleman's Exhibition Strain. —A special mixture of Giant Exhibition Pansies, each petal being marked with a distinct edge .. | 2/- pkt. |
| 532. English and Scotch, Mixed. —A very choice strain for ordinary purposes .. | 1/6 pkt. |
| 533. Incomparable Mixed. —This is a well-blended mixture of the best strains of large-flowered Exhibition Pansies, such as Roggli's Giants, Bath's Empress, and other English and Continental strains, which cannot fail to give satisfaction .. | 2/6 and 5/- pkt. |
| 534. Masterpiece Mixture. —A superb class of blotched Pansies with large undulated or curled blooms in a splendid range of colours, the dark shades predominating .. | 1/- pkt.; bulk pkt., 2/6 |
| 535. Non Plus Ultra. —A very rich and varied mixture of good quality Pansies which we can thoroughly recommend for making a brilliant garden display .. | 1/- pkt.; bulk pkt., 2/6 |
| 536. Fine Mixed. —Fine strain of bedding Pansies. | 6d. pkt.; bulk pkt., 1/6 |

WINTER-FLOWERING PANSIES.

If seed of this strain is sown from December to February (the earlier the better), the plants will produce their large flowers in great profusion in the winter and will continue to bloom throughout the spring and summer. When the value of this class of Pansy for winter display is fully realised, they are destined to become very popular. They are exceedingly free flowering, which adds to their usefulness for bedding or bordering purposes. A bed of the beautiful azure blue coloured variety, "Celestial Queen," bordered with "Winter Sun" (yellow) is most effective. When planting for a winter display, select a warm, open position, if possible.

Collection of 8 Named Varieties for 3/6; Bulk Packets, 1/6 each.

- | | |
|--|--------------------------|
| 537. Arctic King. —Snow-white flowers .. | 6d. pkt. |
| 538. Celestial Queen. —The most popular of the winter-flowering varieties. Like all the varieties belonging to this class, it is very free flowering. Colour a delightful shade of azure blue. .. | 6d. pkt. |
| 539. Claret. —Popular shade .. | 6d. pkt. |
| 540. Hellos. —Colour pure yellow .. | 6d. pkt. |
| 541. Ice King. —Pure white, dark centre .. | 6d. pkt. |
| 542. Marchioness. —Dark velvety purple .. | 6d. pkt. |
| 543. Mars. —Dark cornflower blue .. | 6d. pkt. |
| 544. Night. —Jet-black flowers .. | 6d. pkt. |
| 545. Paringa. —Rich purplish violet, shading from pale blue to white. .. | 6d. pkt. |
| 546. Winter Sun. —Golden yellow, dark blotch .. | 6d. pkt. |
| 547. Winter Flowering Mixed .. | 6d. pkt.; bulk pkt., 1/6 |

TRIMARDEAU PANSIES.

The Collection of 7 Named Varieties for 3/-; Bulk Packets, 1/6 each.

- | | |
|---|--------------------------|
| 548. Azure Blue. —Pale blue flowers .. | 6d. pkt. |
| 549. Fire King. —Crimson and gold .. | 6d. pkt. |
| 550. Freya. —Silver-edged variety .. | 6d. pkt. |
| 551. King of Blacks. —Black .. | 6d. pkt. |
| 552. Snowflake. —Pure white .. | 6d. pkt. |
| 553. White King. —White, purple eye .. | 6d. pkt. |
| 554. Yellow Queen. —Yellow, black eye .. | 6d. pkt. |
| 555. Trimardeau Giant Mixed. —All colours. | 6d. pkt.; bulk pkt., 1/6 |

VARIOUS NAMED PANSIES.

- | | |
|--|----------|
| 556. Fairy Queen. —Flowers azure blue with white edge .. | 6d. pkt. |
| 557. Lord Beaconsfield. —Deep purple violet shaded to very pale blue on the lower part of the flower .. | 6d. pkt. |
| 558. Madame Perret (Reselected). —Attractive blend of wine-coloured tones, with lighter shaded edges .. | 6d. pkt. |
| 559. Orange King. —Lower petals vivid orange, upper petals shaded apricot .. | 9d. pkt. |

571. *Petunia*—Grendon Ruffled Giants (Exhibition Strain)

PASSIFLORA. H.P.Cl. (Sow late Spring and early Summer.)

560. *Edulis* (Passion Fruit).—The edible variety, white flowers. 3d. pkt.; bulk pkt., 1/-
561. *Perfecta* Giant Mammoth.—Improved giant-fruited type. 6d. pkt.

PEA (Everlasting). A.S. Perennial Climber.

562. *Pink Beauty*.—Rose pink flowers 6d. pkt.
563. *Pubescens*.—Blue flowers 6d. pkt.
564. *Red*.—Popular colour 3d. pkt.
565. *White*.—Large flowers 6d. pkt.
566. *Mixed Colours* 3d. pkt.

PELARGONIUM. H.P. (Sow Spring to Autumn.)

567. *Zonale*, *Finest Mixed*.—Seed saved from selected named varieties. 6d. pkt.

PENTSTEMON. H.P. (Sow Spring to Autumn.)

568. *Grandiflora*, *Mixed* (Giant Flowering).—The flowers are of particularly large size, almost as large as a *Gloxinia* .. 9d. pkt.
569. *Heterophyllus* (Blue Gem).—Suitable for borders and rockeries. 9d. pkt.

PERILLA. H.H.A. (Sow in Spring and early Summer.)

570. *Nankinensis*.—Rich bronze foliage 6d. pkt.

PETUNIAS

ONE OF OUR SPECIALTIES.

H.A. (Sow Spring and Summer.)

571. *Grendon Ruffled Giants* (Exhibition Strain).—A very large-flowered strain of *Single superbissima* class of *Petunias* with wide overlapping, beautifully ruffled petals. The throats of the flowers are wide and tигed, and the range of colours is exceedingly large. 2/6 and 5/- pkt.
572. *Grendon Frilled Pink*.—Beautifully frilled flowers of a lovely bright pink shade 1/- pkt.
573. *The Giants of California* (Our Special Strain).—These bear flowers of up to 5 inches in diameter. The flowers are beautifully ruffled and frilled 1/6 and 2/6 pkt.
574. *Single-fringed Fimbriata*, *Mixed*.—Flowers ruffled and fringed. 1/6 pkt.
575. *Giant Double-seeding*, *Mixed* 2/6 pkt.
576. *Grendon Lacy Frills*, *Dwarf*, *Mixed*.—See Novelty and Specialty pages.
576a. *Hybrida Flaming Velvet*.—See Novelty and Specialty pages.
577. *Rosy Morn*.—Rosy pink, white throat. 3d. pkt.; bulk pkt., 1/-
578. *Rose of Heaven*.—Brilliant rose 6d. pkt.; bulk pkt., 1/6
578a. *Rose King Improved*.—See Novelty and Specialty pages.
579. *Silvery Lilac*.—Beautiful colour 6d. pkt.; bulk pkt., 1/6
580. *Viola* (Royal Purple).—Deep violet shade. 6d. pkt.; bulk pkt., 1/6
581. *Dwarf Mixed*.—Various colours 6d. pkt.; bulk pkt., 1/6
582. *Nana compacta*, *Mixed*.—Plants grow 8 to 10 inches high 9d. pkt.
582a. *Setting Sun*.—See Novelty and Specialty pages.
583. *Single*.—Fine mixed 3d. and 6d. pkt.; bulk pkt., 1/6
584. *Balcony* (Pendula) *Mixed*.—Useful for window boxes, etc. 9d. pkt.

PHACELIA. H.A. (Sow Spring to Autumn.)

585. *Campanularia*.—Flowers rich deep blue 6d. pkt.

PHASEOLUS (Snail Creeper). H.P. (Sow Spring and Summer.)

586. *Caracalla*.—Sweet-scented white and purple flowers .. 6d. pkt

PHYSALIS. H.H.P. (Sow in Spring and early Summer.)

587. *Bunyardi* (Red Winter Cherry).—Bright scarlet capsules. Splendid for winter decoration; height 2½ feet 6d. pkt.

PHLOX DRUMMONDI

OUR SPECIAL STRAINS.

H.A. (Sow Spring to late Summer.)

This is one of the prettiest of Annuals. They continue in bloom till late in autumn, and for summer bedding are unequalled, their brilliant and varied colours keeping the garden gay throughout the summer. The best results will be obtained by sowing the seeds where the plants are to remain.

GRENDON GRANDIFLORA SPECIAL STRAIN, MIXED.

588. Unrivalled strain for richness and brilliancy of colours, size of blooms, and bushy, floriferous plants. 1/- pkt.; bulk pkt. 2/6
589. *Cuspidata*.—Star-shaped flowers, mixed 6d. pkt.
590. *Gigantea Art Shades*.—See Novelty and Specialty pages.
591. *Grandiflora*, *Mixed* .. 2/- ½ oz.; 3/6 ½ oz.; 6/- oz.; 6d. pkt.
592. *Drummondii*, *Mixed* 3d. pkt.
593. *Dwarf Cecily*, *Mixed*.—Excellent for bedding and bordering. Includes a wide range of shades. 6d. pkt.; bulk pkts., 1/6 and 2/6

NANA—COMPACTA TYPE.

- Separate Colours.—593a. *Chamois Rose*, 6d. pkt.; 593b. *Purple*, 6d. pkt.; 593c. *Rose Cardinal*, 6d. pkt.; 593d. *Scarlet*, 6d. pkt.; 593e. *Yellow*, 6d. pkt.; 593f. *Mixed*, 6d. pkt.

SEPARATE COLOURS (GRANDIFLORA TYPE).

Collection of 6 Varieties, 2/6.

Bulk Packets, 1/6 and 2/6 each.

594. *Alba*.—Pure white flowers 6d. pkt.
595. *Atropurpurea*.—Reddish purple 6d. pkt.
596. *Atrosanguinea*.—Fine crimson colour 6d. pkt.
597. *Brilliant*.—Rose with darker eye 6d. pkt.
598. *Chamois*.—Salmon rose with carmine eye 6d. pkt.
599. *Dark Purple*.—Popular shade 6d. pkt.
600. *Helios*.—White with purple eye 6d. pkt.
601. *Lilac*.—With white centre 6d. pkt.
602. *Mars*.—Bright crimson with white eye 6d. pkt.
603. *Orbicularis violacea*.—Violet with white eye 6d. pkt.
604. *Rosea alba oculata*.—Rose white eye 6d. pkt.
605. *Scarlet*.—Bright scarlet blooms 6d. pkt.
606. *Splendens*.—Red, white eye 6d. pkt.
607. *Stellata splendens*.—Scarlet, white eye 6d. pkt.
608. *Stricta coerulesa*.—Blue shade 6d. pkt.
609. *Vermillion*.—Distinct colour 6d. pkt.
610. *Yellow*.—Sulphur yellow 6d. pkt.

PHLOX DECUSSATA. H.P. (Sow Spring to Autumn.)

611. *Finest Mixed*.—Perennial Phlox 6d. pkt.

PINK (*Dianthus plumaris*). H.P. (Sow Spring to Autumn.)

612. *Double Giant Hybrids*.—Suitable for beds or borders; height 1 foot 6d. pkt.

POLYANTHUS. H.P. (Sow Spring to Autumn.)

613. *Blue Flowered* 1/6 pkt.
614. *Giant Yellow* 6d. pkt.
615. *Choice Mixed* 6d. pkt.

POLYANTHUS PRIMROSE. H.P. (Sow Spring to Autumn.)

616. *Watt's Large-flowered Bedding Hybrids*, *Mixed* (Bunch-flowered *Primrose*).—Extra choice strain 1/- pkt.

PRIMROSE. H.P. (Sow Spring to Autumn.)

617. *Blue Shades* 1/6 pkt.
618. *Dean's Hybrids*, *Mixed*.—Highly recommended .. 9d. pkt.
619. *Yellow*.—English yellow *Primrose* 6d. pkt.

PORTULACA. H.H.A. (Sow late Spring and early Summer.)

620. *Single Mixed*.—Useful for rockeries and borders. 3d. pkt.; bulk pkt., 1/-
621. *Double Choice Mixed* 6d. pkt.; bulk pkt., 1/6

POPPY—ICELAND

Hardy Annuals. (Sow January to September.)

MONSTROSA EXHIBITION STRAIN.

622. This new introduction surpasses all other strains for length of stems and size of flowers, the latter being very large and the stems, besides being of great length up to 3 feet, are proportionately stout. In addition to the older shades, this mixture contains many glorious colour combinations difficult to describe; also self colours in orange, yellow, white, pink, etc. **WHEN IN BLOOM AT OUR "GRENDON" NURSERIES AT BRIGHTON THEY WERE THE CENTRE OF ATTRACTION.**
1/- and 1/6 pkt.; bulk pkts., 3/6 and 5/-

GRENDON ART SHADES (RE-SELECTED).

623. With the exception of a possible odd plant or two, this strain does not contain the original colours such as yellow, orange, and white. Plants from the seed offered will produce colours such as cream, sulphur, soft pink, coral pink, rosy, and other shades of pink besides beautiful combinations of delicate shades of colour. Highly recommended
1/- and 2/- pkt.; bulk pkts., 3/6 and 5/-
624. **Gartref Art Shades Mixed (Regd.).**—This strain of Iceland Poppies has been re-selected from the range of art shades, and as a distinctive feature, most of the blooms have dark edges to the petals, both in dainty tonings and in sharp contrast to the base colourings
1/- pkt.
625. **Gartford (Regd.) Giants, Art Shades Mixed.**—Giant blooms in cream, apricot, salmon, buff, gold, and old gold shades, and variations of pink with zonal shadings and dark edges in contrasting tones. Awarded First Class Certificate Canterbury Horticultural Society, 1936
1/- pkt.
626. **Gartford (Regd.) Daffodil Tones.**—Offered for the first time, this mixture of giant blooms includes all the well-known shades of lime, lemon, cream, buff, and parchment-white, both in self colours and two-tone effect
1/- pkt.
627. **Gartford (Regd.) Mixed.**—A well-blended range including white cream, lemon, buff, lime, apricot, salmon, pink, tango, chrome, etc.
1/- pkt.

COONARA PINKS (RE-SELECTED).

630. This re-selected strain of Coonara Pinks is exceedingly fine. It contains a wonderful range of those delicate shades that appeal so much to the aesthetic taste. The self colours range through all shades of pink, while others contain colour combinations difficult to describe
6d., 1/-, and 2/- pkt.; bulk pkts., 3/6 and 5/-
631. **Coonara Orange and Gold Shades.**—The size of the flowers is only surpassed by our Monstrosa Iceland Poppies. The flowers, which range in colours from orange to gold, are produced on exceedingly long strong stems. Many prefer these shades of colour, as they show more to advantage in artificial light. 6d. and 1/- pkt.
632. **Grendon Rainbow Mixture.**—The fact that this strain contains such a complete range of colours accounts for its great popularity. This is a special blend which comprises the popular art shades, Coonara Pinks, and our improved orange and gold shades. 9d. pkt.
633. **Sunbeam Hybrids.**—A re-selected strain, representing a great improvement on the ordinary Iceland Poppies.
6d. pkt.; bulk pkt., 1/6
634. **Tangerine (Orange); 635. White; 636. Yellow.** 6d. pkt. each.
637. **Mixed.**—Including white, orange, yellow, and other shades.
3d. pkt.; bulk pkts., 1/- and 2/-

POPPY. H.A. (Sow Spring to Autumn.)

638. **American Legion.**—A single Poppy; flowers rich orange scarlet; enormous size
6d. pkt.
639. **Shirley, Double Begonia-flowered.**—Large range of colours.
6d. pkt.
640. **Double Shirley.**—Mixed colours
6d. pkt.; bulk pkt., 1/6
641. **Flanders.**—Single red Poppy
3d. pkt.
642. **Ranunculus-flowered Double Pompador.**—Improved strain; immense range of colours, with pitted flowers
6d. pkt.
643. **Shirley, Fairy.**—See Novelty and Specialty pages.
644. **Shirley Poppy, Rev. Wilks' Strain (Reselected), Mixed.**
3d. pkt.; bulk pkt., 1/-

POPPY, PERENNIAL VARIETIES.

645. **Oriental Poppy, Crimson**
6d. pkt.
646. **Oriental Poppy, Hybrids, Mixed.**—Containing many beautiful shades
6d. pkt.

PRIMULA (Chinese Primrose). A. and P. (Sow Summer and Autumn.)

647. **Sinensis gigantea fimbriata, Mixed.**—An extra fine strain, containing a wide and varied assortment of colours. Annual. 2/- pkt.
648. **Stellata (Star Primulas).**—Mixed colours. Star-shaped flowers. Annual
1/6 pkt.
649. **Obconica grandiflora.**—A splendid strain, producing large flowers. Perennial
1/6 pkt.

622. Poppy (Iceland)—Monstrosa Exhibition Strain

PRIMULA MALACOIDES. H.A. (Sow Summer and Autumn.)

The Malacoides are excellent for window boxes, for the greenhouse, and for growing out of doors for winter bordering.

650. **Lavender.**—Pale lavender flowers.
3d. and 6d. pkt.; bulk pkts., 1/6 and 2/6
651. **Princess Mary.**—A great improvement on the original variety.
6d. pkt.; bulk pkts., 2/6 and 5/-
652. **True Rose.**—A beautiful rose pink shade.
1/- pkt.; bulk pkts., 2/6 and 5/-

PUERARIA (Kudzu Vine). H.P.Cl. (Sow Spring to Autumn.)

653. **Thunbergiana.**—Purplish-violet Wistaria-like flower
6d. pkt.

PYRETHRUM. H.P. (Sow Spring to Autumn.)

654. **Excelsior (Exhibition Border).**—Foliage deep golden yellow, dwarf compact habit; height 6 inches
9d. pkt.
655. **Golden Feather (Exhibition Border).**—Bright golden foliage; 4 feet
3d. pkt.; bulk pkt., 1/-
656. **Golden Moss (Exhibition Border).**—Bright golden yellow, curled and twisted foliage
9d. pkt.
657. **Hybridum grandiflorum, Mixed.**—Large-flowered strain; 3 feet.
6d. pkt.

RANUNCULUS. H.P. (Sow December to Spring.)

658. **Our Double Exhibition Strain.**—This superior strain of Ranunculi is of robust habit and very free flowering. The flowers are double, of immense size, and combine every possible shade of colour. The plants are vigorous and produce flowers on long, erect stems, providing excellent material for cutting, and are unsurpassed for table decoration.
6d. and 1/- pkt.; bulk pkts., 2/6 and 5/-
659. **Asiaticum superbissimum, Mixed.**—A very choice selected strain.
3d. pkt.; bulk pkt., 1/-
- 659a. **Giant Florentine.**—The large double flowers of brilliant colours and delicate shades are produced on long, strong stems.
6d. pkt.; bulk pkts., 2/6 and 5/-

For Ranunculus Bulbs, see Bulb Section.

RHODANTHE (Everlasting Flower). H.A. (Sow in Spring.)

660. **Fine Mixed.**—Last a long time when cut and dried
3d. pkt.

RICINUS. H.A. (Sow in Spring.)

661. **Crimson Beauty.**—Deep bronze foliage, large clusters of crimson seed capsules
9d. pkt.

SALVIA. H.P. (Sow Spring to early Summer.)

662. **Farinacea Blue Bedder.**—Deep blue flowers
6d. pkt.
663. **Bonfire.**—Scarlet flowers
6d. pkt.; bulk pkts., 1/6 and 2/6
664. **Harbinger (New Variety).**—The plants are dwarf and compact and bear spikes of dazzling bright scarlet flowers, which are beautifully set off by the strong dark green of the foliage
1/- pkt.
665. **Patens.**—Gentian-blue flowers
1/- pkt.
- 665a. **Rocket.**—See Novelty and Specialty pages.

SALPIGLOSSIS. H.A. (Sow Spring and Summer.)

664. **Emperor, Mixed.**—Large flowers. 6d. pkt.; bulk pkt., 1/6
667. **Grandiflora, Choice Mixed** .. 3d. pkt.; bulk pkt., 1/-
New Dwarf Large Flowering—In separate colours and mixed.
See Novelty and Specialty pages.

SCABIOSA (Sweet Scabious)

H.A. (Sow Spring to Autumn.)

(Sweet Scabious or Pin Cushion Flower.)

668. **Azure Fairy.**—Pale mauve shade .. 3d. pkt.
669. **Cattleya.**—Rich rosy lilac flowers .. 6d. pkt.
670. **Double, Dwarf, Fiery Scarlet.**—Brilliant shade .. 6d. pkt.
671. **Dwarf, Double, Coral Rose.**—Deep shade of rose .. 6d. pkt.
672. **Egmont.**—Pure white flowers .. 3d. pkt.
673. **Giant Hybrids.**—Mixed. Grow 3 to 3½ feet .. 6d. pkt.
674. **Gozo.**—Bright crimson flowers .. 3d. pkt.
675. **Lesbos.**—Purplish-black blooms .. 3d. pkt.
676. **Loveliness.**—Soft salmon rose shade .. 6d. pkt.
677. **Marella.**—Bright rose .. 3d. pkt.
678. **Melita.**—Soft delicate pink flowers .. 3d. pkt.
679. **Oroya.**—Rich shade of sulphur yellow .. 3d. pkt.
680. **Peach Blossom.**—A delightful shade .. 3d. pkt.
680a. **Rosette.**—See Novelty and Specialty pages.
681. **Shasta.**—Pure white flowers .. 3d. pkt.
682. **Tall, Special Mixed** .. 3d. pkt.; bulk pkt., 1/-

SCABIOSA, Perennial Varieties. H.P. (Sow Spring to Autumn.)

683. **Columbaria.**—Delicate mauve flowers, unsurpassed for cutting. 6d. pkt.
684. **Caucasica perfecta.**—Rich blue, each flower having a white centre. 9d. pkt.
685. **Japonica.**—Clear mauve flowers .. 6d. pkt.

SCHIZANTHUS (Butterfly Flower). H.A. (Sow Spring to Autumn.)

686. **Wisetonensis, Mixed.**—Superb strain .. 6d. pkt.
687. **Hybridus grandiflorus, Mixed** .. 6d. pkt.; bulk pkt., 1/6
688. **Hybridus grandiflorus Incomparable, Mixed.**—The finest strain yet offered .. 1/- pkt.; bulk pkts., 2/6 and 5/-

SESBANIA (Brazilian Glory Pea). (Shrub.) H.P. (Sow Spring to Autumn.)

689. **Tripetil.**—Magnificent orange-scarlet flowering shrub .. 6d. pkt.

SILENE. H.A. (Sow Spring to Autumn.)

690. **Mixed.**—Bright coloured flowers .. 3d. pkt.; bulk pkt., 1/-

SIDALCEA. H.P. (Sow Spring to Autumn.)

691. **Stark's New Hybrids.**—Interesting border plants; 3 feet. 6d. pkt.
692. **Rose Queen.**—Rose-coloured flowers .. 6d. pkt.

STATICE (Sea Lavender) (Everlasting). H.A. (Sow Spring to Autumn.)

693. **Kampf's Tall Improved.**—Rich blue flowers on extra long stems. 6d. pkt.
694. **Sinuata rosea Improved.**—Bright rose flowers .. 6d. pkt.
695. **Sinuata Tom Thumb Hybrids.**—See Novelty and Specialty pages.
696. **Sinuata True Blue.**—Rich navy blue flowers, fine .. 6d. pkt.
697. **Sinuata Choice Mixed** .. 6d. pkt.; bulk pkt., 1/6

STOCKS

Many growers desirous of growing good Stocks fail to get satisfactory results owing to sowing or planting them at the wrong season.

Our most popular type of Stocks is the Early Large-flowering of Nice, which, if a good open position is available, can be flowered throughout the winter months, but for winter flowers the seed must be sown in December or January, and plants placed in their flowering position as soon as they are large enough to safely transplant. Later sowings, of course, will flower in spring onwards, if conditions are suitable.

From a sowing of seed made at our Grendon Nursery, Brighton, about middle of December, Stocks were in bloom in May, and continued to flower throughout the winter and spring months.

Many growers wait to plant their Stocks till they discard in the autumn flowering plants such as Petunias, Zinnias, Asters, etc. By that time, in most districts, it is too late, for, as the weather sets in cold, growth is retarded, and if excessive wet weather is experienced the plants turn a sickly yellow colour from which they never seem to recover. So always remember that if Stocks are to be grown throughout the winter and spring months plant them out early enough to have them well established before the cold wet weather sets in.

Stocks like a well-drained soil. So if your soil is not suitable for their winter growth, we advise raising plants from early spring. Giant Perpetual Branching and other Ten-Week varieties are better sown from the early spring till January.

Stocks, especially the young seedlings, in summer get attacked by caterpillars. Spray them with Arsenate of Lead, which is a certain cure for leaf-eating insects.

714. Stock—Nice Varieties, Mixed

EARLY LARGE-FLOWERING OF NICE TYPE.

H.A. (Sow Summer and Autumn.)

Specially selected strains, producing large percentage of double flowers.
Collection of 6 Varieties, 2/6; 12 Varieties, 4/6.

| 954. Double Mixed | 3d. pkt. ; bulk pkt., 1/- |

GILL & SEARLE'S GARDEN FLOWER MIXTURE

This is not a mixture of wild flowers, but of garden annuals. It contains a large number of different kinds, all of them quite hardy and varieties that will grow with the least amount of care and produce quantities of flowers for a long period. Indeed, there are so many kinds appearing in endless succession that it is a continual surprise from the time the first plant begins to blossom. We recommend it for vacant plots and waste pieces of ground. 6d. oz.

“VICTORIA” COLLECTION OF FLOWER SEEDS.

Easily grown from seed. For autumn and spring sowing. These Collections contain only seeds of the best quality and of the most popular varieties, and will produce an abundant supply of blooms. Specially recommended. No alterations allowed in these Collections.

Vegetable Seeds

ATTENTION IS DRAWN TO TERMS OF SALE AND NON-WARRANTY CLAUSE ON PAGE 2 OF COVER.

Market Gardeners, Institutions, etc., requiring seeds in large quantities, should write for special prices. We have made prices as reasonable as possible, commensurate with first-class quality, in this Catalogue, yet where a number of pounds or bushels are wanted, we may be able to supply at a lower price than by the single pound or bushel.

Vegetable Seeds, in packets, with the exception of Peas, Beans, and Sweet Corn, are Post Free. No half packets will be supplied.

The times given for the sowing of Vegetable Seeds refer to Melbourne and surrounding districts, and due allowance must be made for climatic conditions.

fleshy pods of first-class flavour. The pods when ripe are a purple colour,
which changes during cooking to a beautiful rich green. 6d. pkt.; 2/- lb.
Staley's Star.—Long slender pods, rather inclined to curl. Heavy
cropper; extensively grown for market .. 6d. pkt.; 1/6 lb.

CANADIAN WONDER BEAN

"BURNLEY SELECTION"

During the past few years trials at the Burnley Horticultural College have proved that "Burnley Selection" Beans show greater resistance to "Halo Blight" than all other varieties tested. The plants are more bushy than the old type of Canadian Wonder, compact in growth, of a lighter green colour, and come into bearing later, while the pods are shorter and of a darker green colour. An excellent cropper and of fine flavour.

Price, 1/- packet; 2/6 lb.

Climbing Varieties.

Mammoth White Czar.—Extra large pods .. 6d. and 1/- pkt.
Epicure.—Has proved itself one of the best Runner Beans.

Earliest Varieties.

SOW MARCH TO AUGUST

- English Wonder** (height, 18 inches).—Delicious flavour, very early and reliable.
W. F. Massey (height, 18 inches).—This is the earliest Dwarf Pea of high quality yet introduced. It is ready 8 to 10 days before English Wonder or American Wonder, and pods are 25 per cent. larger. Peas are of splendid colour and flavour; a wonderful cropper. A genuine advance in this section 1/6 lb.
Richard Seddon (height, 15 to 18 inches).—Very dwarf and most prolific bearer.
William Hurst (height, 15 inches).—Large well-filled pods, fine flavour.

Second Early Varieties.

SOW JUNE TO AUGUST.

- Daisy** (height, 18 to 20 inches).—Pods, 5 inches in length, are freely produced 1/6 lb.
Day's Early Sunrise (height, 30 inches).—Heavy yielder, can be sown earlier in cold districts.
Giant Stride.—See Novelty and Specialty pages.
Stratagem (height, 24 to 30 inches).—Large wrinkled pods, good flavour.

Main Crop Varieties.

SOW SEPTEMBER TO DECEMBER.

- Greenfeast** (height, 24 to 30 inches).—Grown extensively by Market Gardeners. Very prolific bearer.
Yorkshire Hero (height, 27 to 30 inches).—A wonderful cropper with abundant well-filled pods.

"GREATPOD" PEA.

We have no hesitation in recommending this Main Crop Pea. It is a magnificent cropping quality. The pods are large, very dark green in colour, and mostly produced in pairs—10 to 12 peas in a pod—of excellent flavour. Its constitution is exceedingly robust, and it has fine eating qualities. We are receiving splendid reports in its favour throughout the State. 1/6 lb.

SUGAR OR EDIBLE PODDED PEAS.

- Dwarf, Early.**—The pods are cooked whole while young. 6d. pkt.; 2/6 lb.
Tall Early.—Large pods 6d. pkt.; 2/6 lb.

ASPARAGUS OR SCARLET-WINGED PEA

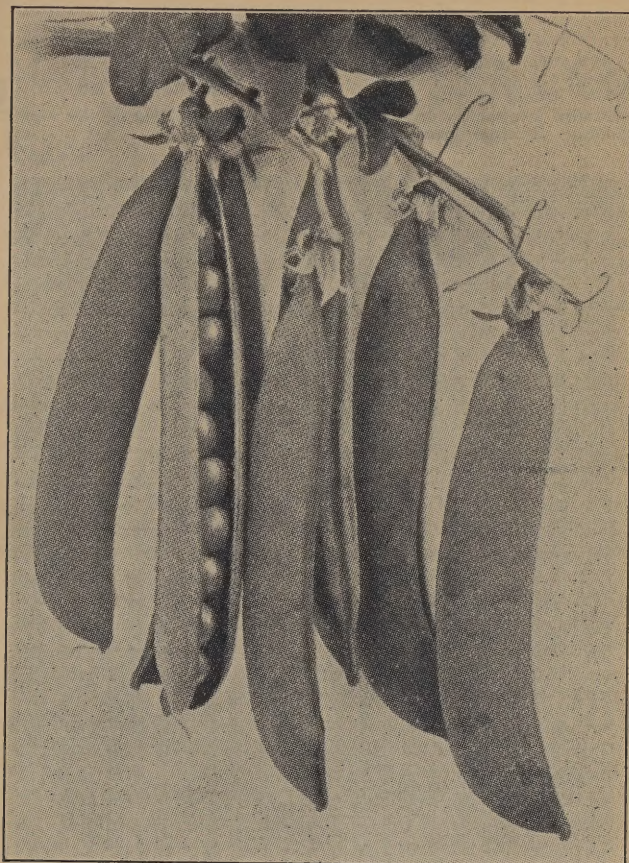

(Lotus tetragonolobus)

This produces an abundance of crimson pea-shaped flowers producing pods of very fine flavour, which can be cooked like French Beans, and has a very fine flavour like Asparagus. Grows about 1 foot in height. Plant 1½ to 2 feet each way. 6d. and 1/- pkt.

PUMPKIN

SOW SEPTEMBER TO NOVEMBER.

- 3d. and 6d. pkt.; 1/- oz. Collection of 6 Varieties for 2/-.

IRIS KÆMPFERI (Giant Japanese Iris).

Plant from May to July—November and December Flowering. (Freight Extra.)

These gorgeous Irises can be grown successfully in the garden or around edges of ponds. For best results they should have a plentiful supply of water during dry weather.

The colours range from white through shades of blue, violet, and purple and many other colours, some being beautifully veined, others spotted or blotched. Price, 1/3 each ; 12/- doz.

GENERAL LIST OF IRISES.

Benacensis.—Clear deep blue ; distinct	1/-
Forresti.—Dainty yellow flowers	1/-
Hyacinthina.—Soft blue sweetly-scented flowers	1/-
Japonica (Fimbriata).—Pale lilac ; edges of petals waved	1/-

LILY OF THE VALLEY

CONVALLARIA MAJALIS

Plant May to August—October and November Flowering. (Freight Extra.)

- Majalis.**—Pink variety 9d. each

Lily of the Valley (Convallaria)

GIANT LILY OF THE VALLEY

CONVALLARIA MAJALIS GRANDIFLORA.—Few plants are more prized for combined fragrance and beauty. The spikes of drooping white bells are everywhere admired.

It is not partial as to soil, but they do better in one of a rich nature, though any deficiency can be made up by top-dressing with decayed manure before the crowns start into growth in the spring, and by watering with liquid manure during their growing season.

The fact that they are indigenous to England, and are called the Lily of the Valley, indicate that they should be grown in a cool, shaded position, such as the shaded side of a dwelling where they will get shelter from the hot winds and sun. They do not require excessive moisture, but should be kept watered when the weather is dry.

Although introduced some years ago, *Convallaria majalis grandiflora* is still very scarce. It possesses the same enchanting fragrance and chaste appearance which through the ages have made the Lily of the Valley appeal so strongly to the aesthetic taste, but the spikes of bloom and the individual bells are outstanding as regards size, and the plants are of more robust growth. 9d. each.

CONVALLARIA MAJALIS ALBA (Lily of the Valley).—This well-known variety needs no description. 3d. each; 2/- doz.; 12/6 100

CONVALLARIA POLYGONATUM (Solomon's Seal).

Flowers small, bell-shaped, are white, tipped with green, and hang down from underneath the leaves. 1/- each; 10/- doz.

MONTBRETIAS

Plant April to July—February and March Flowering. (Freight Extra.)

Unsurpassed for cut flowers and table decoration; flowers freely produced on stems of about 18 inches high. They resemble a miniature *Gladiolus*.

- Frans Hals.**—Rich yellow, brown lip 1/- each
His Majesty.—Red golden-yellow, large flowers. 6d. each; 5/- doz.
James Coey.—Red with orange centre 1/- each
Marjorie.—Orange yellow and carmine 1/- each
Oriflamme.—Orange yellow 9d. each; 7/6 doz.
Tigridie.—Yellow, maroon blotch 2/- each
Mixed Sorts.—A splendid mixture of colours .. 4d. each; 3/- doz.

RANUNCULUS

Plant February to May—Spring Flowering.

OUR EXHIBITION STRAIN—MIXED COLOURS.

We highly recommend our **Exhibition Strain of Ranunculus**. The flowers are double, of immense size, and contain every shade of colour to be found in this class of plant. This strain produces flowers of perfect form, borne on stout but graceful stems, at least twice as large as the original types. Plant bulbs with claws downwards. 9d. doz.; 5/- 100. Extra strong Bulbs, 1/- doz.; 7/- 100 (post free).

SANDERSONIA

Commonly called Golden Lily of the Valley.

Plant April to end of August—November and December Flowering. (Post Free.)

Aurantiaca.—A South African bulb, considered to be one of the rarest and daintiest plants in cultivation. The *Sandersonia* grows best in a semi-shaded position, in sandy loam, leaf mould, or any nice light soil, which must be well drained, and attains a height of 8 to 18 inches. Its bright, orange-golden, bell-shaped flowers, which are 1 inch across, hang down similar to the ordinary Lily of the Valley. Tubers should be planted with prongs down, and covered with 1 inch of soil.

2/6 each; 2 for 4/6; 3 for 6/6; 5 for 10/6

SPARAXIS PULCHERRIMA (Fairy Bells)

Plant May to July—October and November Flowering. (Freight Extra.)

Probably one of the oldest evergreen plants in cultivation, though rarely seen in ordinary gardens. As a garden subject or for cut flower purposes, Fairy Bells are excellent.

- Alba.**—Pure white; rare variety 1/6 each
Apple Blossom.—Light rosy pink; fine 2/- each
Atropurpurea.—Deep purple shade; fine 2/- each
Montague's Mauve.—Beautiful mauve shade 2/- each
Montague's Pink.—Wine rose, light centre, striped 2/- each
Moonlight.—A new hybrid variety, pale rosy white 2/- each
Pulcherrima.—Beautiful rosy purple 9d. each

TUBEROSE (African Hyacinth)

Plant May to September—February and March Flowering.
(Freight Extra.)

The variety we offer is "The Pearl," which is the best double-flowering kind. 6d. each; 5/- doz.

TULIPS

Plant February to May—October Flowering.
(Freight Extra.)

Tulips succeed best in an open position and throw up flowers of great substance on long stems. All the best colours are in our mixture. Plant bulbs about 4 inches deep in the ground. When planting, give a liberal supply of lime, and plant early for best results.

Darwin Separate Named Varieties. 6d. each; 4/6 doz., 33/- 100.

Anton Roozen.—Vivid rose pink.
Bartigon.—Fiery red, base white, edged blue.
Clara Butt.—Soft delicate salmon rose.
Crepuscle.—Silvery heliotrope. Very popular variety.

Belladonna Pink.—A popular variety 6d. each ; 5/- doz.
Belladonna rosea.—White, tipped rose red 1/3 each
Belladonna variabilis.—Flowers open almost white, deepen to ruby red 9d. each
Multiflora alba.—Yellowish-white flowers 2/- each
Multiflora Hathor.—Pure white 6/- each
Multiflora Orvieto.—Deep pink shade 2/6 each
Multiflora rosea.—Pale rose, yellow throat 1/6 each

ANOMATHECA.

Plant February to April—

December and January Flowering.

Charming Cape bulbs with Freesia-like flowers.

Alba.—White, slightly marked red 6d. each ; 5/- doz.
Cruenta.—Scarlet-crimson flowers 3d. each ; 2/- doz.

BABIANA. Plant February to April—Spring Flowering.

Azurea, purple; **Charmer,** magenta; **Modesty,** white and mauve;
Nana, purple-blue. 3d. each ; 2/- doz. Mixed, 1/6 doz. ; 10/- 100.

BEGONIA (Tuberous Rooted).

Plant June to September—Autumn Flowering.

Suitable for pots, window boxes, and hanging-baskets, in either fernery or greenhouse.

Single Mixed.—A very choice strain 1/6 each ; 15/- doz.
Double Mixed.—Choice selection 1/6 each ; 15/- doz.
Basket Varieties, Mixed 1/6 each ; 15/- doz.

CHIONODOXAS (Glory of the Snow).

Plant February to April—September and October Flowering.

Pretty star-shaped flowers produced in clusters.

Gigantea.—Large blue flowers 4d. each ; 3/6 doz.
Luciliae.—Blue, white centre 4d. each ; 3/6 doz.
Sardensis.—Gentian-blue flowers 4d. each ; 3/6 doz.

CHLIDANTHUS FRAGRANS (Summer Daffodil).

Plant April to July—Flower during the summer months.

Sweet-scented, golden-yellow trumpet-shaped flowers 6d. each

COLCHICUM (Meadow Saffron).

Plant January to April—Flower March to April.

Very pretty bulbous plants, with Crocus-like flowers. Often mistaken for Crocus.

Alba.—Pure white flowers 1/- each
Autumnale.—Rose-coloured flowers 9d. each ; 8/- doz.
Speciosum.—Rose and white flowers 1/- each

CYCLAMEN.

Winter and Spring Flowering.

Obtainable all the year round. Specially suited as a pot plant, and will grow and flower well in a protected place out of doors.

Mixed Varieties 1/6 and 2/- each ; 16/- to 22/- doz.

Dielytra spectabilis (Bleeding Heart)

DIELYTRA SPECTABILIS (Bleeding Heart).

Plant May to July—November and December Flowering.

Popular herbaceous plants, having a dozen or more heart-shaped deep pink and white flowers borne on long stems. 1/6 each.

GALANTHUS (True English Snowdrop).

Plant January to May—August and September Flowering.

The flowers are tipped with green, and are quite distinct to the commonly called Snowdrop. Plant 2 inches deep.

Double, 6/- doz. Single, 6/- doz.

HELLEBORUS (Lenten Roses).

Plant March to June—July to September Flowering.

Few flowers have the lasting qualities of Helleborus, which range from a month to six weeks. They also possess colour markings of unusual shades.

Mixed Varieties, 1/- and 1/6 each.

HEMEROCALLIS (Day Lilies).

Plant April to August—Spring Flowering.

These hardy border plants, which succeed in any garden soil, have large Lily-like flowers.

Aurantiflaca.—Rich orange, 1/- each. **Apricot.**—Deep apricot yellow, 9d. each. **Calypso.**—Lemon yellow, 1/6 each. **Estmere.**—Gold and chocolate, 1/- each. **Florham.**—Pale yellow, 1/- each. **Fulva.**—Double orange red, 9d. each. **Maggie Perry.**—Red, yellow centre, 1/6 each.

HIPPEASTRUM (Amaryllis vittata).

Plant April to August—October and November Flowering.

Our stocks are procured from the most reliable growers in England and Holland. The flowers of many varieties measure from six to nine inches across.

Empress of India.—Pale red, white markings 3/6 each
Fine Mixed Varieties From 2/6 to 3/6 each
Johnsoni.—Bright red, with white stripe 2/6 and 3/6 each
Other Named Varieties From 3/6 to 7/6 each

HYACINTHUS CANDICANS (Cape Hyacinth).

Plant April to June—December and January Flowering.

Commonly called the Giant South African Snowdrop. Perfectly hardy, having tall spikes 2 to 3 feet high. Sweet scented, pure white bell-shaped flowers 9d. each; 8/- doz.

MORPHIXIA (Buff Ixia).

Plant January to June—November and December Flowering.

Longiflora.—Flowers are a buff coral-red colour 2/- doz.; 15/- 100

NERINES AND LYCORIS.

Bulbs obtainable mostly all the year round. March and April Flowering.

Rose Queen.—Fine rose shade, 2/6. **Bowdeni.**—Rosy magenta, 1/6. **Coral.**—Red, 1/6. **Corusca.**—Brilliant scarlet, 1/3. **Elegans alba.**—Pure white, 1/3. **Rosea.**—Bright red, 1/6. **Sarniensis.**—Rose crimson, 1/3. **Fothergilli.**—Vermilion scarlet, 2/- . **Filifolia.**—Red, 6d. each. **Japonica (Lycoris radiata).**—Deep red 1/-
Lycoris sanguinea.—Carmine red 2/-
Lycoris squamigera (Purple Spider Lily) 2/-

Our Selection of 6 Named Varieties of Nerines for 7/6.

ORNITHOGALUM.

Plant January to June—October and November Flowering.

Very hardy bulbs, which will thrive in any soil without attention. Very free-flowering, and increase rapidly. Plant from 1 to 2 inches deep.

Arabicum.—Large, white, with black eye .. 3d. each; 2/6 doz.
Aureum.—A rare South African variety, with orange gold-coloured flowers. 1/- each; 10/- doz.
Chincherinchee.—Pure white, with dark eye. Very long-keeping sort. The well-known South African cut-flower variety. 6d. each; 5/- doz.
Double.—Tall growing, full double white; rare variety .. 1/3 each
Umbellatum.—Has loose clusters of white flowers, with grass-like leaves; free flowering 3d. each; 1/9 doz.

RICHARDIA.

Plant April to August—Summer Flowering.

A hardy class of Arum or Calla Lilies, grown not only for their handsome flowers, but also for their ornamental leaves.

Aethiopica.—Common white Lily of the Nile .. 6d. each; 5/- doz.
Alba maculata.—Cream white, dark base 9d. each
Elliottiana (The Golden Calla).—Rich golden-yellow flowers, foliage spotted white 1/6 each
Golden Glory.—Deepest gold shade, black centre 2/6 each
Mrs. Roosevelt.—Deep rich yellow, violet base 2/- each
Rehmanni gigantea.—A unique combination of yellow and wine red. 2/6 each
Rehmanni (Pink Calla).—White, turning pink 1/6 each
Solfatare.—Free-flowering primrose, dark blotch 1/6 each

SCHIZOSTYLIS COCCINEA (Kaffir Lily).

Plant April to August—July to September Flowering.

Produce Gladiolus-like flowers in great profusion. Valuable for cutting purposes.

Coccinea.—Brilliant crimson-scarlet flowers .. 6d. each; 5/- doz.
Mrs. Hegarty.—Hybrid. Deep rose-pink shade. 9d. each; 7/6 doz.

Scilla (Wood Hyacinths)

SCILLA (Wood Hyacinths).

Plant January to June—October and November Flowering.

Charming little Hyacinth-like flowers, very hardy, and will grow almost anywhere.

Alba.—White, 1/6 doz.; 10/- 100. **Cœrulea.**—Blue, 1/6 doz.; 10/- 100. **Rosea.**—Rose, 2/6 doz. Mixed Colours, 1/6 doz.; 10/- 100.

SNOWFLAKE.

Plant January to June—September and October Flowering.

Giant Snowflakes.—White, pale green flowers 2/- doz.

SPARAXIS (Harlequin Flower).

Plant January to June—October and November Flowering.

Mixed Colours 1/3 doz.; 9/- 100

SPREKELIA (Jacobean Lily).

Obtainable all the year round—October-November Flowering.

Formosissima.—Flowers dazzling vermilion-scarlet, much resembling a huge Orchid 1/6 each

STERNBERGIA (Autumn Crocus).

Plant October to March—March and April Flowering.

Lutea.—Bright yellow Crocus-like flowers .. 6d. each; 5/- doz.

TIGRIDIA (Tiger Flower).

Plant May to August—January, February, and March Flowering.

Pavonia.—Rich scarlet, spotted yellow flowers. 6d. each; 5/- doz.
Other Named Sorts 9d. each
Special Mixed 6d. each; 5/- doz.

VALLOTA (Scarborough Lily).

Obtainable all the year round—March and April Flowering.

Purpurea.—Flowers deep sanguine red, with lighter throat; free blooming, and very hardy 1/6 each

WRITE FOR SPECIAL LISTS OF DAHLIAS, ROSES, CARNATIONS, GLADIOLI, FRUIT TREES, etc. 39

Artistic Wreaths and other Floral Funeral Emblems

7/6, 10/6, 15/-, 20/- upwards.

Unlike most florists, who are dependent on outside growers for their supplies of flowers, we have our own extensive Nurseries where we grow a large range of suitable flowers to select from, with the added advantage of being able to make use of the very freshest of flowers, which is very essential, especially when they have to be forwarded long distances.

Phones, X4310 ; after hours, X3060.

PLANTS, SHRUBS, etc.

If you are interested in SHRUBS, FRUIT and OTHER TREES, CLIMBING AND HERBACEOUS PLANTS, CANNAS, CHRYSANTHEMUMS, DAHLIAS, ROSES, CARNATIONS, GLADIOLI, etc., Write for Lists, which will be sent Post Free on application.

Tree, Shrub, and Native Seeds, etc.

Special Quotations for larger quantities will be furnished on application.

Any variety not mentioned in this list we will try to secure.

NOTE.—Varieties marked (*) are ornamental flowering sorts.

ACACIA SEEDS

All the varieties of Acacia listed, 6d. pkt.; 2/6 per Collection of 6 Separate Sorts. Special rates for 1 oz. or 1 lb. lots.

Baileyana (Cootamundra Wattle).
Cultriformis (Knife-leaved Acacia).
Dealbata (Silver Wattle).—Height 90 to 100 feet.
Decora (Graceful Wattle).—8 to 10 feet.
Decurrens (Black Wattle).—30 to 100 feet.
Discolor (Sunshine Wattle).—8 to 10 feet.
Elata (Tall or Cedar Wattle).—30 to 60 feet.
Falcata (Bastard Myall or Burra).—25 to 30 feet.
Fimbriata (Fringe Wattle).—10 to 20 feet.
Florabunda (Many-flowered Acacia).—15 feet.
Howittii (Sticky Acacia).—8 to 10 feet.
Iteaphylla (South Australian Wattle).—8 to 12 feet.
Linifolia (Flax-leaved Acacia).—8 to 12 feet.
Longifolia (Long-leaved Golden Wattle).—8 to 12 feet.
Lophantha (Cape or Crested Wattle).
Melanoxylon (Blackwood Tree).—40 to 100 feet.
Myrtifolia (Myrtle-leaved Acacia).—5 to 8 feet.
Normalis (Queen Wattle of N.S.W.).
Obtusata (Blunt-leaved Acacia).—7 to 8 feet.
Ornithophora (Kangaroo Acacia).—10 to 12 feet.
Oxycedrus (Prickly Wattle).—10 to 12 feet.
Podalyriaefolia (Mount Morgan Acacia).
Polybotrya (var. foliosa).—40 feet.
Prominens (Golden Rain Wattle).—15 to 20 feet.
Pruinosa (Frosty Wattle or Mottle Barked).
Pycnantha (Golden Wattle).—20 to 30 feet.
Rhinodes (Bald or Ever-flowering Acacia).—12 to 20 feet.
Saligna (Weeping Wattle).—12 to 20 feet.
Spectabilis (Mudgee Wattle).—8 to 12 feet.
Suaveolens (Sweet-scented Acacia).—6 feet.

SHRUB AND TREE SEEDS

6d. pkt., or 5/- doz. pkts., except where otherwise priced.

Abies Douglassi (Silver Fir) 1/- pkt.
Abies Menziesii (Menzies' Spruce) 1/- pkt.
Actinotis helianthi (Flannel Flower).
Angophora subvelutina (Apple Tree).
Arbutus unedo (Irish Strawberry Tree).
Brachychiton diversifolia (Kurrajong).—Ornamental shade tree.
Callitris robusta (Great Murray Pine).
Calycanthus Florida (Allspice Tree).
Casuarina stricta (She Oak).
Cedrus Atlantica (Atlas Cedar).
Cedrus deodara (Deodar).
Ceratonia siliqua (Carob Bean) 1/6 oz.
Cupressus macrocarpa.—The well-known hedge plant, suitable for quick results 1/6 oz.
Cupressus Lawsoniana.
Cupressus torulosa.
Eugenia Smithii (Lilly Pilly).
Genista Andreana.—Upper petals golden yellow and the lateral ones rich wallflower crimson.
Genista Canariensis.—Pale yellow; 6 feet.
Genista Florida.—Bright yellow flowers.
Genista monosperma.—White flowers; 10 feet.
Grevillea robusta (Silky Oak).—A fine Australian native flowering tree.
Hardenbergia monophylla.—Purple.
Hakea laurina, syn. eucalyptoides (The Pincushion Flower of West Australia) 1/- pkt.
Jacaranda mimosæfolia 6d. per pod
Melaleuca leucadendron (Inland White Tea-tree Queensland).
Melaleuca stypelioides.
Melia azedarach (White Cedar).—35 feet.
Pinus insignis.—A most useful tree 1/6 oz.
Pinus laricio (Corsican Pine).
Pinus ponderosa (Yellow Pitch Pine).
Pinus strobus (Weymouth Pine).
Pittosporum.—Well-known hedge plant. Undulatum and eugenioides are foliage plants. Undulatum is an Australian native tree. 1/6 oz.
Schinus molle (Pepper Tree) 1/6 oz.
Spartium junceum (Yellow Spanish Broom).
Tree Lucerne (Tagasaste or Cytisus) 9d. oz.
Tristania conferta (Brush Box).
Telopea speciosissima (Waratah).—National flower of N.S.W. 1/- pkt.

EUCALYPTUS SEEDS

All Varieties of Eucalyptus 6d. pkt., except where otherwise priced.

Alpina (Alpine Gum) 1/- pkt.; 2/- oz.
Amygdalina (Peppermint Gum) 2/6 oz.
Botryoides (Bastard Mahogany) 2/6 oz.
Calophylla (Red Gum of Western Australia).—Large white flowers. 1/- pkt.
*Calophylla rosea.—Flowers pink 1/- pkt.
*Citrodora (Lemon-scented Gum) 1/- pkt.; 3/6 oz.
*Caesia.—Pink-flowered variety 1/- pkt.
Cornuta (Yate Tree of S.W. Australia) 2/6 oz.
Corynocalyx (Sugar Gum).—A very rapid-growing variety. 2/- oz.; 22/6 lb.

CORYNOCALYX (Dwarf-growing Variety)

This variety is preferable to the ordinary Sugar Gum for shelter. The branches are carried well down towards the ground, and the foliage is much thicker than in the old variety, thus rendering it more valuable for this particular purpose. It can be highly recommended for the Western District. Height 20 feet.

6d. and 1/- pkt.; 2/6 oz.

Corymbosa (Bloodwood) 3/6 oz.
Crebra (Ironbark of N.S.W.) 3/- oz.
*Crucis.—Glaucous, ovate small silver leaves 1/- pkt.
Diversicolor (Karri Gum) 1/- pkt.
*Eremophylla.—Bright yellow flowers 1/- pkt.
*Erythrocorys.—Bright scarlet flowers 1/- pkt.
*Ficifolia (Crimson-flowered Gum) 1/- pkt.
Gigantea, syn. regnans 3/6 oz.
Globulus (Tasmanian Blue Gum) 3/- oz.
Gomphocephala (The Tooart Gum) 1/- pkt.
Goniocalyx (Victorian Spotted Gum) 3/6 oz.
Gunnli (Cider Tree).—Useful timber tree 3/- oz.
Hemiphloia (Common Box) 3/- oz.
Lehmanni (var. cornuta) 2/6 oz.
Leucoxydon (Ironbark Gum) 3/- oz.
*Leucoxydon rosea.—Pink flowers 1/- pkt.
Longifolia (Woolly Butt) 3/- oz.
*Macrocarpa.—Flowers dark crimson, somewhat darker than E. ficifolia, but the individual flower is much larger, about 3 or 4 inches in diameter. The foliage is of peculiar shape, resembling that of E. globulus, and tough, with mealy whitish appearance. A shrubby variety. 1/- pkt.
Macarthurii (River Woolly Butt) 3/6 oz.
Macrandra (Salt River Shrubby Gum) 1/- pkt.
Maculata (Spotted Gum of N.S.W.) 3/6 oz.
Macrorrhyncha (Stringy Bark of Victoria) 3/- oz.
Marginata (W.A. Jarrah) 1/- pkt.
Microcorys (Yellow Wood) 3/- oz.
Meliiodora (Yellow Box of Victoria) 3/- oz.
Muelleriana (Yellow Stringybark) 3/- oz.
Obliqua (Stringybark) 3/- oz.
Patens (Harvey River Black Butt) 3/- oz.
Pauifolia, syn. coriacea (White Drooping or Swamp Gumtree of N.S.W., Victoria, and Tasmania) 3/- oz.
Pilularis (Blackbutt of Northern States) 3/- oz.
Polyanthemus (Red Box) 3/- oz.
*Preissiana.—A beautiful garden variety. Large flowers of deep lemon yellow colour 1/- pkt.
*Pyrriformis.—Large red-flowered Gum 1/- pkt.
Regnans (Mountain Ash of Victoria) 3/6 oz.
Resinifera (Red Gum of N.S.W.) 3/- oz.
Risdoni (Risdon's Gum) 1/- pkt.; 5/- oz.
Robusta (Swampy Mahogany) 3/- oz.
Rostrata (Red Gum of Victoria) 3/- oz.
Sideroxyloia (Red Ironbark) 3/- oz.
Sideroxylon (Black Ironbark) 3/6 oz.
Steedmani.—The flowers are golden yellow, while the operculum or cap is a beautiful red shade 1/- pkt.
*Stricklandii.—Golden yellow 1/- pkt.
Stuartiana (Apple-scented Gum) 3/- oz.
*Tetragona.—Silvery leaves, white flowered 1/- pkt.
*Tetraptera.—Large red flowers 1/- pkt.
Torquata.—Red flowers 1/- pkt.
Viminalis (Manna Gum) 2/6 oz.
Eucalyptus, Mixed 2/- oz.

ANY VARIETY NOT MENTIONED ABOVE, IF PROCURABLE, CHARGED AT CURRENT RATES

LAWN GRASSES

RE-CLEANED AND MACHINE-DRESSED.

Owing to the fluctuations of the market, it is impossible to affix prices to several varieties of grasses
Quotations will be sent Post Free on application.

SOWING QUANTITIES.

For a new lawn allow 1 oz. of seed per square yard, or 1 lb. per square containing 16 yards. For renovating old lawns sow at the average rate of $\frac{1}{4}$ to $\frac{1}{2}$ oz. per square yard or $\frac{1}{4}$ to $\frac{1}{2}$ lb. per square containing 16 square yards, according to the existing state of the lawns.

VARIETIES OF GRASSES USED FOR LAWNS.

(Specially Machine-cleaned.)

Chewing's Fescue	Perennial Rye Grass
Couch Grass	Red Fescue
Creeping Bent	Rough-stalked Meadow Grass
Crested Dogstail	Waipu Browntop
Kentucky Blue Grass	Wood Meadow Grass

Price on application.

GILL & SEARLE'S SPECIAL BOWLING GREEN, TENNIS COURT, AND CROQUET LAWN MIXTURE.

As supplied to most of the leading Bowling, Tennis, and Cricket Clubs in and around Melbourne.

This mixture is composed of all the finer grasses, which will make a firm and lasting turf. It contains no Rye Grass or Clovers.

1 lb., 3/-; 10 lbs., 22/6; 45/- bushel of 20 lbs.

"LAWNEX"

Kills weeds on Lawns, Bowling Greens, and Tennis Courts. For particulars, see page 46.

Gill & Searle's "Grendon" Nurseries

Lovers of flowers are cordially invited to visit and inspect our Nurseries, particularly during March, April, and May, when the Dahlias are flowering. Many other plants of interest can be seen throughout the year. Visitors are always welcome, there being no obligation to purchase.

Our "GRENDON" NURSERIES are situated at the corner of HAMPTON STREET and CENTRE ROAD, NORTH BRIGHTON. The Hampton Street bus from North Brighton Railway Station passes the gate. THE NURSERIES ARE OPEN FROM 8 a.m. TILL 5 p.m. DAILY, SUNDAYS AND HOLIDAYS EXCEPTED.

Telephone Numbers: Nursery, X 4310 and X 3060; Warehouse, M 5766 (3 lines).

GILL & SEARLE'S SPECIAL LAWN MIXTURE.

A scientifically prepared mixture of grasses suitable for Gardens, Lawns, etc. Free from foreign matter, and contains no Clover. Unexcelled for lawns.

$\frac{1}{2}$ lb., 1/3; 1 lb., 2/6; 10 lbs., 19/-; 37/6 per bushel of 20 lbs.

Gill & Searle's No. 2 LAWN MIXTURE.

A good and reliable lawn mixture that will withstand hard and steady wear—contains no Clover.

1 lb., 2/-; 10 lbs., 15/-; 30/- bushel of 20 lbs.

SPECIAL MACHINE-DRESSED IMPORTED ENGLISH RYE GRASS FOR LAWNS.

This is a splendid quality, free from all foreign matter, specially saved from old pastures and thoroughly Perennial.

7d. $\frac{1}{2}$ lb.; 1/- lb.; 15/- per bushel of 20 lbs.

Write for special Lawn leaflet, "How to Grow a Lawn," post free.

BUFFALO GRASS (Roots Only).

Plant from September to December.

Makes an excellent lawn, particularly in dry districts. Grows well on any soil, and produces a good sward, even on pure sand. The roots should be planted during the spring and summer.

5/6 per half-sack; 10/- per sack.

ATCO MOTOR MOWERS

All British—and the Rolls Royce of Power Mowing Machines. Rolls as it mows, and cuts 4,500 square feet for a pennyworth of fuel. Sizes, 14 to 36 inches. Prices on application.

AGRICULTURAL SEEDS

Grasses and Clovers for Permanent Pastures

SPECIALLY MACHINE-CLEANED.

Owing to the fluctuations of the market we are unable to state prices. We shall be pleased to quote at lowest market rates. When inquiring for samples and prices, kindly state approximate quantities required.

COCKSFOOT (*Dactylis glomerata*).

Sow from 30 to 40 lbs. to the acre. Best New Zealand Seed.

COUCH (*Cynodon dactylon*).

Exceedingly valuable for sowing on embankments for binding. Sow 10 to 12 lbs. to the acre.

CRESTED DOGSTAIL (*Cynosurus cristatus*).

Sow with other grasses from 2 to 5 lbs. to the acre.

CREeping BENT OR RED TOP (*Agrostis alba*).

Sow, if alone, 20 to 30 lbs. to the acre.

CHEWING'S FESCUE

(*Festuca duriuscula* var. *Chewing's*).

A Perennial variety of Hard Fescue, if sown alone, 20 lbs. to the acre.

HARD FESCUE (*Festuca duriuscula*).

Hardy and robust variety. Sow, if alone, 40 lbs. to the acre. Hardy Perennial.

KENTUCKY BLUE GRASS (*Poa pratensis*).

Sow, if alone, 30 lbs. to the acre, or 2 to 4 lbs. if mixed with other grasses and clovers.

PASPALUM DILATATUM (Golden Crown Grass).

Valuable drought-resisting grass. Sow during the spring and autumn months, 6 to 8 lbs. per acre. Prime Hand-shaken Seed.

PHALARIS BULBOSA.

("The King of all Winter Grasses.") Sow 2 lbs. to the acre, 4 lbs. broadcast.

PRAIRIE GRASS (*Bromus unioloides*).

Sow 40 lbs., if alone, to the acre.

RED OR CREEPING FESCUE (*Festuca rubra*).

Excellent for enduring severe droughts. If sown alone, 30 to 40 lbs. to the acre.

RHODES GRASS (*Chloris virgata*).

One of the greatest drought-resisting grasses ever introduced. Sow 2 to 4 lbs. to the acre; sow in spring.

RIB GRASS (*Plantago lanceolata*).

Specially adapted for sowing on sheep runs. Sow, if alone, 20 lbs. to the acre.

ROUGH-STALKED MEADOW GRASS (*Poa trivialis*).

Sow, if alone, 30 to 40 lbs. to the acre.

IMPORTED ENGLISH RYE GRASS (*Lolium perenne*).

Too well known to need description. Hardy Perennial. Sow 30 to 40 lbs. to the acre.

RYE GRASS, NEW ZEALAND (*Lolium perenne*).

Sow, if alone, 30 to 40 lbs. to the acre.

RYE GRASS, WIMMERA (*Lolium subulatum*).

Grows well in the Wimmera, Mallee, and other warm districts. If sown alone, 40 lbs. to the acre.

RYE GRASS, WESTERN WOLTHS (*Lolium Western Woldicum*).

A most productive forage and pasture grass. Of wonderful vitality, and will grow on sodden soil. Sow 40 lbs. to the acre.

RYE GRASS, ITALIAN (*Lolium Italicum*).

If sown alone, 40 lbs. to the acre.

RYE GRASS, VICTORIAN OR WESTERN DISTRICT.

Sow 40 lbs. to the acre.

TIMOTHY GRASS (*Phleum pratense*).

If sown alone, 30 lbs. to the acre.

WALLABY GRASS (*Danthonia semiannularis*).

A valuable permanent native grass. Sow 15 to 20 lbs. to the acre.

WAIPU BROWNTOP (*Agrostis tenuis*).

Recommended for Bowling Greens, Golf Putting Greens, and Croquet Lawns.

WOOD MEADOW GRASS (*Poa nemoralis*).

Most useful in the formation of Pastures, Lawns, etc. Does well in shady positions. If sown alone, 30 lbs. to the acre.

YORKSHIRE FOG (*Holcus lanatus*).

If sown alone, 20 lbs. to the acre.

Permanent Pastures

GRASS SEED MIXTURES.

For the laying down of land to Permanent Pastures.

We shall be pleased to send specifications and to quote prices per acre. Clients are requested to furnish full details as to area of land to be laid down, description of same, situation, and as to whether already partially grassed.

Lucerne

HUNTER RIVER.

Genuine broad-leaved, upright, dodder-free Lucerne.

The King of Fodder Plants. Excellent for Cattle, Horses, Sheep, etc. Should be grown by every farmer. Triple Machine Cleaned by up-to-date machinery.

Clovers

ALSYKE (*Trifolium hybridum*).

A Perennial variety. It produces enormous crops of good fodder. Sow if alone, 12 to 14 lbs. to the acre, or 2 lbs. if mixed with other grasses.

BURR CLOVER (*Medicago denticulata*).

Specially suited for growing on dry land or hillsides. Sow, if alone, 10 to 12 lbs. to the acre.

BERSEEM OR EGYPTIAN CLOVER (*Trifolium Alexandrinum*).

Annual Clover, which does well in poor soil. Sow in autumn 15 to 20 lbs. broadcast to the acre.

BOKHARA CLOVER (*Melilotus leucantha*).

Also called Sweet Clover. A Perennial which grows well on poor soil. Sow 10 lbs. to the acre.

See Page 47 for Artificial Manures
for Top-dressing and other purposes

Clovers—continued.

CLUSTER CLOVER (*Trifolium glomeratum*).

This Annual Clover spreads rapidly, and yields an abundance of good pasture. Mixed with other Grasses, sow 2 to 4 lbs. to the acre.

COW GRASS OR PERENNIAL RED CLOVER (*Trifolium pratense perenne*).

Yields an immense crop, which is highly nutritious. 15 lbs. required to sow an acre by itself, or 3 to 5 lbs. if mixed with other grasses.

GIANT COW GRASS CLOVER (Extra Prime).

Vigorous grower, and is splendid for milk production. If alone, sow 15 lbs. to the acre; if mixed with other grasses, sow 3 to 5 lbs. to the acre.

ITALIAN SCARLET CLOVER (*Trifolium incarnatum*).

An Annual Clover, excellent for an early crop. 12 to 15 lbs. required to sow an acre, or 4 lbs. if mixed with other grasses.

KING ISLAND MELILOT (*Melilotus Indica*).

A valuable Clover for pasturing. Suitable for poor quality land and sandy wastes near the sea shore. 15 lbs. seed required to sow an acre.

RED OR BROAD CLOVER (*Trifolium pratense*).

Yields an immense crop. 20 lbs. required to sow an acre, or 4 lbs. if mixed with other grasses.

LOTUS MAJOR (The Greater Birdsfoot Trefoil).

A deep-rooting Perennial Clover, producing an enormous amount of fodder. Can be grown with equal success on the richest or poorest soils. Sow 15 lbs. alone, or 3 to 4 lbs. when sown with other grasses.

STRAWBERRY CLOVER (Clean Shelled Seed).

A very valuable variety for damp lands. Sow 2 to 3 lbs. to the acre.

SUCKLING CLOVER (*Trifolium minus*).

Annual Clover. Does well in sandy soils. Mixed with other grasses, sow 2 to 3 lbs. per acre.

TREFOIL OR HOP CLOVER (*Medicago lupulina*).

Hardy Clover for sheep pasture, suitable for cold districts. Sow with other grasses, 2 to 3 lbs. per acre.

SUBTERRANEAN CLOVER (*Trifolium subterraneum*).

A valuable fodder plant; thrives in any soil. Highly esteemed by pastoralists. If sown alone, 5 to 7 lbs. to the acre, or 2 lbs. if mixed with other grasses.

WHITE DUTCH CLOVER (*Trifolium repens*).

Valuable in pastures, either for dairying or fattening, and will thrive in comparatively poor land. Sow 12 to 14 lbs. to the acre by itself, or 2 lbs. if mixed with other grasses.

Forage Crops

WHEN INQUIRING FOR SAMPLES AND PRICES, KINDLY
STATE APPROXIMATE QUANTITIES REQUIRED.

Rape

DWARF ESSEX (The Great Feed for Sheep). True Broad-leaved Dwarf Essex.

Sow in autumn or spring, from 4 to 6 lbs. to the acre.

WHITE MUSTARD.

Sow with Rape as a preventive of bloat and scouring. $\frac{1}{2}$ to $\frac{3}{4}$ lbs. per acre is ample.

Sorghums and Millets

FOR GREEN FODDER PURPOSES.

SORGHUMS.

SUDAN GRASS.

Great drought-resisting summer fodder, adaptable to all climates, and will grow on any soil. Sow 6 to 8 lbs. in drills, 15 to 20 lbs. broadcast to the acre.

SORGHUM SACCHARATUM.

A very nutritious summer Fodder Plant, excellent for cows. Sow 14 lbs. broadcast, or 7 lbs. in drills to the acre.

AMBER SUGAR CANE (Var. Sorghum).

Gives an enormous amount of fodder. Sow 8 to 10 lbs. in drills, 15 lbs. broadcast to the acre.

BROOM CORN.

Largely grown as fodder for feeding stock. Sow 8 to 10 lbs. in drills, 15 lbs. broadcast to the acre.

IMPHEE, OR PLANTER'S FRIEND.

One of the most popular of the Sorghum family. Sow 8 to 10 lbs. in drills, 15 lbs. broadcast to the acre.

JOHNSON GRASS, OR EVERGREEN MILLET.

A Perennial variety of Sorghum which has now come largely into use. Sow 8 to 10 lbs. in drills, 12 lbs. broadcast to the acre.

JAPANESE MILLET.

Very productive well-known variety, rapid grower. Sow 8 to 10 lbs. in drills, 15 lbs. broadcast to the acre.

SEED MAIZE.

We carry stocks of all the leading varieties of Maize, and shall be pleased to quote for quantities on application.

Seed Grain

It must be distinctly understood that all Seed Grain is sold for
NETT PROMPT CASH ONLY. Exchange must be added to
Cheques.

Rye (60 lbs. bushel); Cape Barley (50 lbs. bushel); Maize (56 lbs. bushel); Wheat (60 lbs. bushel); Oats, Algerian, Stout, White (40 lbs. bushel).

Field Root Crops

SWEDES.

(Sow October to January, 2 to 3 lbs. per acre.)

CHAMPION PURPLE TOP, ELEPHANT PURPLE TOP,
SKIRVING'S PURPLE TOP, DEFIANCE PURPLE TOP.

MANGELS.

(Sow September to December, 4 lbs. per acre.)

MAMMOTH LONG RED, CHAMPION YELLOW GLOBE.

GIANT HALF SUGAR MANGELS.

(Sow September to December, 8 lbs. per acre.)

WHITE TOP, ROSE TOP.

FIELD TURNIPS.

(Sow October to December, 2 to 3 lbs. per acre.)

PURPLE TOP YELLOW ABERDEEN, WHITE GLOBE, PURPLE
TOP MAMMOTH.

(Sow September to February, 4 lbs. per acre.)

YELLOW BELGIAN, WHITE BELGIAN, SINCLAIR'S CHAMPION.

SUGAR BEET.

(Sow September to December, 8 lbs. per acre.)

VILMORIN'S IMPROVED.

GIANT SILVER BEET.

A Wonderful Fodder Crop.

(Sow September to November, 4 to 6 lbs. per acre.)

Dual-purpose Crops

For Green Manuring, Winter Feed, Cleaning the Land, etc. The following mixtures are made up by ourselves, and are mixed in proportion to meet the different requirements:—

No. 1.

Half bus. Ryecorn
Half bus. Dun Peas
7 lbs. Golden Tares
Half bus. Algerian Oats

No. 2.

Half bus. Ryecorn
Half bus. Dun Peas
Half bus. Cape Barley
Quarter bus. Algerian Oats
7 lbs. Golden Tares

Prices on Application. Special Quotations given for large areas.

Various Agricultural Seeds

NOTE.—Nothing less than Half-bushels will be charged at the Bushel rate. When writing for Samples and Prices, please state approximate quantity required.

Field Cabbage (Giant Drumhead).—A late variety, growing to an immense size; very solid. Largely cultivated.
Cabbage or Kale (Thousand-headed).—Invaluable as a fodder for sheep. Sow 2 to 3 lbs. to the acre.
Chou Moellier.—A valuable fodder plant. Sow 2 lbs. to the acre in drills.
Cow Peas.—A valuable fodder plant, sheep being very fond of them when in flower. Sow 1 to 1½ bushels to the acre.
Cattle Pumpkin.—Plant three or four seeds in a patch, 12 feet apart each way. Sow 2 lbs. to the acre. **Crown, King of the Mammoth, Ironbark.**
Hemp.—Sow 60 lbs. to the acre broadcast.
Linseed or Flax (56 lbs. to the bushel).—Sow early in the spring or autumn at the rate of 1½ bushels to the acre.
Field Peas, Dun, Grey, or Partridge.—Sow broadcast at the rate of 2 to 3 bushels to the acre (60 lbs. to the bushel).
Soy Beans.—Sow in September and October for best results, planting 30 lbs. to 60 lbs. per acre, according to distance the rows are formed apart.
Sunflower.—Extensively grown for poultry feeding. Sow 8 to 10 lbs. to the acre.
Tares or Vetches (60 lbs. to the bushel).—Excellent for green feed. Sow in the autumn, 2 bushels to the acre.
Tick or Horse Beans (60 lbs. to the bushel).—Sow 2 bushels to the acre.

Tobacco Seed

An ounce of Tobacco Seed contains between 300,000 and 400,000 seeds. Quite 70 per cent. of these are infertile, consequently an ounce of seed will provide sufficient plants for from 4 to 6 acres of heavy tobacco and 2 to 4 acres of Cigar tobacco, the latter being closer in the field to obtain better texture. Space will not permit dealing with the cultivation or harvesting of tobacco, and growers are recommended to write to the Department of Agriculture for their 58-page illustrated **Bulletin, No. 53**, which deals thoroughly with all phases of tobacco growing, harvesting, and curing. Price 4d. per copy posted.

We can supply the following varieties of Tobacco Seed:—

CONQUEROR, BLUE PRYOR, HICKORY PRYOR, YELLOW PRYOR, DUNGOWAN WARNE, GOLD LEAF, WHITE STEM ORONOCO, SPOTTED GUM. 6d. pkt. For larger quantities, price on application.

Kikuyu Grass

Roots only.

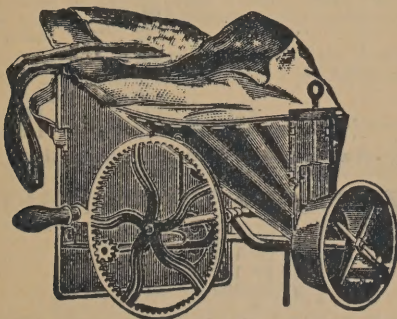

KIKUYU GRASS is indigenous to British East Africa, in which country authorities describe its value as a veritable "mortgage lifter," and is an excellent drought-resister. It is highly recommended for sandy and all light soils.

15/- per bag. (Freight extra.)

A bag makes approximately 750 to 1,000 sets.

Poa aquatica

The wonderful water meadow grass. For reclaiming wet or swampy grounds. Roots, 25/- per sack; 15/- per ½-sack. Carriage extra.

CAHOON HAND SEED SOWER

The Best, Simplest, and Easiest Running Hand Seed Sower on the market. Sows evenly and uniformly any desired quantity at the rate of from 4 to 6 acres per hour. Easily and quickly adjusted. Can be used for broad-casting fine and large seeds, including Kentucky Blue Grass, Ryegrass, Cocksfoot, Lucerne, Clovers, Millets, Sudan Grass, Oats, Barley, Wheat, Ryecorn, etc. Weight when empty, only 5½ lbs.

Price: 37/6 each, plus tax (Freight and Packing Extra).

Horticultural Requisites

(POSTAGE OR FREIGHT EXTRA.)

SPRAY COMPOUNDS, INSECTICIDES, and SNAIL DESTROYERS.

Arsenate of Lead Paste.—For Codlin Moth, Caterpillars, and all kinds of leaf-eating insects. ¼ lb., 1/3; 1 lb., 1/9; 2 lbs., 3/3; 7 lbs., at 1/3 lb. 14 lbs. at 1/1 lb. 28 lbs. at 9d. lb.; 56 lbs. at 8d. lb. Powder ¼ lb., 1/7; 1 lb., 2/6; 2 lbs., 4/6; 7 lbs., 1/10 lb.; 14 lbs., 1/7 lb.
Arsenate of Calcium.—For killing Snails, Slugs, Woodlice, and all leaf-eating insects. ½-lb. tins, 1/6; 1-lb. tins, 2/-; 7 lbs., 1/8 per lb.

MANNING'S POULTRY SPICE, 1/- and 2/- pkg. PEANUTS, 10d. lb.

DO YOU REQUIRE A GARDENER?

We consider our "Gardener Supply Service" as very important, as a garden reflects more or less the qualifications of the person in charge. So one of the principals of our establishment pays special attention to this matter and to the best of his ability acquaints himself as to the merits and respectability of a gardener before recommending him. Clients, therefore, requiring permanent gardeners or casuals will please get in touch with us, when we shall be pleased to give them the benefit of our experience and knowledge in making a selection. We make no charge for so doing, this being part of "Our Service."
